

BRYAN DELIVERS WILSON'S MESSAGE

Holds Secret Conference
With Gov. Johnson and
Members of Legislature

MAY ENACT ALIEN LAW

California May Enact Such a
Law But Action Would Be Against
Administration Wishes

SUGGEST FOUR ALTERNATIVES

SACRAMENTO, CALIF., APRIL 28.—California in the fullness of her rights as a state may enact a rigid land law barring orientals from ownership, but such action would be against the earnest wish of the national administration. This is the substance of the message William Jennings Bryan, secretary of state and personal representative of President Wilson, delivered today to a secret conference attended only by Governor Johnson, Lieut. Gov. Wallace and the 120 members of the California legislature.

Doors Closed and Locked. Secretary Bryan arrived in Sacramento early this morning. Shortly after 11 o'clock the first session of the conference began. Until the doors of the assembly chamber were closed and locked, Secretary Bryan refused to give any inkling of his message to anyone and even at the conference he spoke only after legislators had explained fully the public demand for alien land legislation that brought about the present situation.

Those who expected Secretary Bryan to expound a new theory of states rights were disappointed as were those who expected predictions of war.

Advice in the name of President Wilson was all Mr. Bryan had to offer and the paramount question here tonight is whether such advice will overcome the previously announced determination of the Progressive Republican majority to enact an anti-alien land holding law along lines already agreed upon.

Suggests Alternatives. Secretary Bryan re-affirmed the states right to act in a manner it saw fit but suggested several alternatives to the passage of a bill restricting aliens, ineligible to citizenship, basing his reasons on the broad foundation of public policy. Briefly, these alternatives in the order which they were suggested are as follows:

1. Delay immediate action and allow the state department to try to accomplish the ends desired by means of a new treaty with Japan.
2. Delay immediate action and appoint a commission to investigate the subject of alien land ownership and act in conjunction with the president in securing relief.
3. Enact a law similar to the state of Illinois, which permits aliens to hold land for a period not exceeding six years and applies alike to all aliens.
4. Enact a law similar to the federal statute governing land ownership in the District of Columbia, which is a general law applying to all aliens.

Last Two Out of Question. Of these alternatives, it may safely be said, according to leaders in the legislature, that the last two are out of question. Many Democrats favor turning the matter over to the state department, while the Progressive Republican majority, apparently remains undecided in its support of a bill that would apply its restrictions to orientals alone.

The conference with Secretary Bryan served to show the breadth of the sentiment in favor of an alien land law that shall be effective in checking the Japanese and Chinese immigration. A dozen or more senators and assemblymen declared the people of the state were almost a unit in demanding such a law, and it was threatened that unless the legislature acts at this time the matter would be taken up through the initiative and referendum and passed by the people themselves.

Is Told Exact Situation. The conference opened with Lieut. Gov. Wallace in the chair and Secretary Bryan seated with Governor Johnson and Speaker C. C. Younger of the assembly on the platform. Secretary Bryan, after being introduced to the conference, made a brief statement and asked the conference to tell him the exact situation.

"I was sent to Sacramento at the request of President Wilson," said Mr. Bryan, "to consult with the governor and the members of the legislature on the pending alien land legislation. I am more interested in the methods to be employed than in the end to be attained, and I would be pleased to hear suggestions from any of you before speaking further."

Senator Boynton, administration floor leader, thanked Mr. Bryan on behalf of the legislature for his visit. He then outlined the situation for the visitor. He said that two bills on the subject were before the legislature when President Wilson's telegram was received announcing the wish to send Secretary Bryan to confer with this legislature. The people,

he declared, were strongly in favor of the enactment of an alien land law and that such a law probably would have been passed before this time if it had not been for the president's request for delay. He said that because of the request consideration of the matter was postponed until Mr. Bryan could present the administration's views.

Had Favored Secret Session. After several members had spoken, many of them quoting statistics to show the increase in land holdings during recent years, Secretary Bryan arose. His first statement was concerning the secret conference which he said he had favored, with the support of Governor Johnson and the presiding officers of both houses. Secretary Bryan said he could speak with more frankness to the members than he could to a "promiscuous audience."

"As the representative of the president," he began, "I feel keenly the responsibility that is placed upon me. I would have preferred to have him come himself, as the head of the nation, but that seemed impossible and he delegated me to speak for him. I do not pretend to do other than express his views. I am simply his spokesman and I will say to you only that which he would have me say."

Does Not Discuss Treaty. "As to the constitutionality of our treaty with Japan, you will pardon me if I decline to act as the supreme court. Further as to the question of immigration, I think we can consider that question as independent of the land with which we are here concerned."

Questions concerning the treaty and the immigration of Japanese to the United States had been asked during the debate.

Continuing Mr. Bryan said: "I have listened to what you have said and I assume everything to be true; that you have not overdrawn nor exaggerated the feeling of the people of California in the matter. I can assume that the people demand that something be done."

"In that case, the first question is whether the legislation is demanded at this time. If you can be delayed, then the first suggestion that the president would have me make is that you permit an effort to be made to deal with the question diplomatically, with a view to reaching the same results without legislation."

Suggests Commission. "If the demand is so immediate that this cannot be done, can action be deferred for two years and in the meantime have a commission appointed to investigate conditions and act with the executive? Would it not be worth while to try this plan before you adopt the plan that might result in unfriendliness from a foreign nation?"

"I am not going to indulge in any speculations as to what may happen if you do anything now, but I am here to advise against the use of any language that would offend any people that have dealings with us. In case immediate action was demanded, Secretary Bryan said, he would be in favor of a law framed along the lines of the Illinois law or the federal statute in the District of Columbia, both of which are general in character."

"Either of these measures is preferable to language that includes the words 'ineligible to citizenship,'" added Mr. Bryan.

"President Wilson believes that if you use these words, you might as well make a law declaring specifically against Japanese and Chinese ownership."

Simply Expresses Wilson's Views. "This expresses the views of the president. He desires me to say that if such a law is passed, he will recognize his duty as president to do all in his power to minimize the ill feeling which might be aroused. At the same time, he believes it his duty as president to urge earnest consideration of his advice which is given here with no desire to interfere with what you may regard as necessary. And further, he urges that if you proceed at once, you consider the advisability of using language that cannot be justly criticized as offending those nations with whom we are friendly."

Secretary Closely Questioned. The afternoon session of the conference beginning at 4 and lasting until 7 o'clock brought a climax to the day's proceedings. Question after question was hurled at Secretary Bryan, who admitted his inability to answer many of them.

Hope for the close of the meeting he arose and said: "I have said all that I came to say. I have answered all of the questions that have been asked and my mission here is ended whenever you may feel that you have conferred as much as you like with the representative of the president."

"I came with no program, simply to confer. I have presented the president's views as I understand them. I have communicated to him this afternoon several propositions after listening to what you have had to say. Tonight I shall submit to him the further questions you have asked me calling attention to the statutes of Washington and Arizona, and I shall be prepared tomorrow to give you definite answers."

Much of the debate during the afternoon hinged upon whether California should be questioned in passing a law similar to those previously enacted by the legislatures of Washington and Arizona, in which states aliens "ineligible to citizenship" are barred."

Senator Boynton called attention to the wording of the Arizona law, asking Secretary Bryan what would be the effect upon the national government if California placed a similar restriction upon her land.

"I am not prepared to answer that question," Secretary Bryan replied, "but will have to ask for instructions from Washington."

PROGRESSIVES OPEN STATE CONFERENCE

THIRD PARTY ADVOCATES MEET FOR
TWO DAY SESSION IN SPRINGFIELD

Hon. Joseph Walker of Massachusetts Delivers Principal Address — "Invisible Government" Was Attacked As Being Responsible For Present Political Conditions.

SPRINGFIELD, ILL., APRIL 28.—Taking the place on the program originally allotted to former Governor Stubbs of Kansas, Hon. Joseph Walker of Massachusetts tonight delivered the principal address of the state conference of Progressives, which opened here today, and will close tomorrow night with a meeting at the state arsenal at which former United States Senator Albert J. Beveridge of Indiana, and former Governor W. R. Stubbs of Kansas, will speak.

Mr. Walker, Republican candidate for governor of Massachusetts at the last election, and a former speaker of the Massachusetts state legislature attacked the "invisible government" as being largely responsible for political conditions which have caused the people to lose confidence in their representatives, and to a degree, in representative government itself.

Meets Great Public Demand. Declaring that the Progressive movement meets squarely a great public demand, the speaker said:

"The strength and significance of the great Progressive movement lies in the fact that it recognizes political conditions as they actually exist. It offers as a remedy the direct rule of the people. The first concern of the Progressive movement is to revise our political machinery and by making our government more responsive to the will of the people, weaken the grip of private and special interests."

Mr. Walker concluded by outlining the principles for which the party stands, including enfranchisement of women, better social and industrial conditions, the recall of judicial decisions, and the initiative and referendum.

Conference Held at Leland. During the afternoon a state wide conference which brought together party workers from all parts of Illinois, was held at the Leland hotel. Reports of county chairmen were heard and the chairman, Fred S. Wilbur, East St. Louis, named the following committees:

Resolutions — Mrs. Antonette Funk, Chicago; H. W. Cooper, Moline; Phil Decker, Murphysboro; L. C. Houghton, Sheffield; George A. Anthony, Kewanee; W. C. Jones, Chicago; and J. M. Curran, Chicago. Finance — B. F. Harris, Champaign; H. S. Hicks, Winnebago; H. H. Stevens, Danville; Hugh S. Weston, Peoria, and Charles Ringer, Chicago.

In giving the address of welcome to the delegates, W. E. Cadmus of Peoria, state organizer, told of the organization of Progressive clubs throughout the state, and said that many of the organizations had not been made permanent for the reason "old line" Republicans were enrolling as members so that they could later withdraw, thus causing an apparent split and injuring the Progressive cause.

Brief talks were made by the following county chairmen — Dr. J. N. Krieder, Sangamon; E. A. Wilcox, Hancock; Charles Vickers, secretary of the Cook county committee; George Campbell, Hamilton; G. C. Holaday, Boone; George R. Carey, Warren; Hugh S. Weston, Peoria; H. S. Hicks, Winnebago; B. F. Sherman, Henry; W. J. McCracken, Ford; E. A. Brewster, Will; A. F. McDonough, Fulton.

GOVERNOR SEEKS TO VINDICATE HIS POSITION

Claims to Have Discovered Evidence Which Vindicates His Act of Removing Wheeler From Office.

Springfield, Ill., April 28.—Governor Dunne, announced today the discovery of evidence which he declares vindicates his position in the action last week of removing State Game Commissioner J. A. Wheeler. An inspection has been conducted and has reported to the governor. The governor states he has learned, so far as the report conveys, that six men can do the work which formerly eighteen have done on the state game farm, and that the office force in the commissioner's office at the capitol could be reduced without damage to the work of the department. The governor has not determined whether he will take further steps as a result of the disclosures.

ADVERTISE IN BAR ROOMS. Chicago, April 28.—Advertising a church by placards and illustrated posters placed in bar rooms caused a stir here to day among Methodist clergymen.

Activity of the advertising committee has been sustained by the church.

The exposition is to show people and customs in which missionary work is being done.

WOMAN MAY RECOVER

Danville, Ill., April 28.—Mrs. James Harrison, who was shot through a lung by "Jack" Clifton, her brother-in-law, Sunday during a family quarrel, after which Clifton committed suicide by shooting himself through the head, is apparently recovering at a hospital.

MONDAY IN CONGRESS.

Senate
Not in session.
Several nominations received from the president.

Committee on education and labor agreed to favorably report nomination of Charles P. Neill as commissioner of labor statistics.

Sundry civil appropriation bill reported. Chairman Martin announcing he would call it up for consideration at next meeting. Senator Kern's resolution for investigation of West Virginia strike was reported and will be considered Friday.

Consider resolution calling for an official analysis of political and geographical composition of consular service, but deferred action until next session.

Chairman Simmons divided finance committee into three subcommittees for consideration of tariff bill.

Passed bill authorizing additional United States circuit judge for fourth circuit.

Confirmed large number of postmasters and that of H. H. Breckridge to be assistant of war.

Passed urgent deficiency bill as passed by the house.

Adjourned at 6:12 p. m. until noon Thursday.

House.
Met at 11 a. m. and resumed tariff general debate which will close tonight.

Representative Rainey spoke in favor of the tariff. Representative Payne against it.

Representative Sisson declared a "war speech" supporting proposed California alien law.

Representative Kelly introduced "progressives" old age pension bill.

Recessed at 6:35 p. m., until 7:30 p. m.

General debate on tariff bill closed.

Adjourned at 11:30 p. m. until 11 a. m. tomorrow.

MYSTERY SURROUNDS BALKAN SITUATION

NO NEWS FROM ALBANIA AND SITUATION IS HARD TO UNDERSTAND

Bucharest Despatch States That a New War Will Commence Between Serbia, Bulgaria and Greece As Soon As Peace is Made With Turkey.

LONDON, APRIL 28.—The mystery surrounding events in the Balkans is becoming deepened. No further news has been received of Essad Pasha's exploit in Albania and the situation at Saloniki is difficult to understand. A despatch from Saloniki of current date confirms the report that orders were given for Bulgars to evacuate all places occupied by the Greeks but that later these orders were countermanded and that official attempts were made to pretend they were never given.

A Bucharest despatch dated April 26th to the Daily Telegraph expresses the firm conviction that immediately after peace is signed by the allies and Turkey, a new war will commence between Serbia, Bulgaria and Greece.

A Bulgarian correspondent says that large concentrations of opposing troops are in readiness for these new campaigns and adds that he has heard from reliable sources that considerable fighting has already occurred and that three important engagements were fought during the last week, concerning which the greatest secrecy has been maintained.

He describes fighting with heavy losses on both sides between Bulgarians and Servians to the northeast of Monastir on April 10 and fighting between the Greeks and Bulgarians within a week in the vicinity of Igrata, Seres and Saloniki.

The Daily Telegraph calls attention to the fact that whereas a few weeks ago the Servians were endeavoring to defeat and capture David Pasha's army, these operations appear to have ceased and suggests that the cessation of the Servian attack is connected with Essad Pasha's coup.

Apparently the ambassadors' conference in London today postponed its decision until the next meeting which is set for May 1st.

No Cause For Pessimism. London, April 28.—"There is no cause for pessimism even now." This was the only official utterance that could be obtained regarding the result of the momentous conference of the ambassadors of the powers on the Balkan situation today. The conference lasted more than three hours and another, arranged for May 1st, indicates that the diplomats still expect to find a peaceful solution of the problem caused by Montenegro's defiance of the powers.

REORGANIZATION MEETING. Washington, April 28.—A reorganization meeting of the Democratic congressional committee has been called for tomorrow night by Representative Lloyd of Missouri, the chairman.

Representative Finley of S. C. and Johnson of Kentucky, are candidates for chairman to succeed Representative Lloyd who is not out for re-election. Representative Pepper of Iowa will be nominated as successor to Page of North Carolina, plans for the committee probably will be outlined in the address of the new chairman.

FORMER AUDITOR MAKES SENSATIONAL CHARGES

TELLS OF MERGER OF CHICAGO CITY
AND ELEVATED RAILWAYS

Hogarth Files Suit To Enforce the Payment of \$2,500,000 as His Share of the Promotional Fees For Work on the Merger.

CHICAGO, APRIL 28.—Charges that a \$2,500,000 idea whereby the Chicago Elevated railways were merged in 1911, were promulgated by Henry A. Blair, chairman of the board of directors of the Chicago Railways company, were contained in a suit filed today by J. B. Hogarth, formerly auditor of the Chicago City Railway company and later general superintendent of the Chicago Railways company. Hogarth seeks in his suit to force the payment of \$2,500,000 as his share of the promotional fees for work on the merger.

The National City Bank, the Chicago Elevated Railways Collateral Trust, the Chicago Railways company, the Commonwealth Edison company, Frank A. Vanderly, Samuel McKelbert, Samuel Insull and Ira M. Cane are also made defendants in the suit.

Hogarth also charges that the National City Bank of New York now is planning to dispose of the elevated properties to the City of Chicago for \$100,000,000, although the full cost of effecting the merger he says was only \$64,071,062.

Hogarth alleges that the plan of the merger was conceived and worked out by him, that he enlisted the aid of Blair in effecting the deal and that when the merger was completed Blair had denied him any credit for the enterprise and had withheld his share of the promoters' profit.

Hogarth was discharged as auditor of the Chicago City Railway company previously to 1908, he alleges in the bill of complaint because he said he declined to keep a secret as well as a public set of books and because he claimed to have learned that notes of the City Railway company aggregated \$1,170,000 were held by First Trust and Savings Bank of Chicago, and of which he was unable to find any record on the books of the company.

After his discharge Hogarth related he had visited New York and personally informed George W. Perkins and Charles S. Steel of the firm of J. P. Morgan & Co., of these facts.

Both of these gentlemen, he declared begged him not to disclose the reports to P. P. Morgan.

Negotiations for a merger of the surface and elevated roads of Chicago city council at a night meeting following the filing of the Hogarth suit. The aldermen also ordered an investigation of the charges that the city was to be overcharged nearly \$36,000,000 in the sale of the elevated properties. The investigation was ordered to include an inquiry into the charges that the Chicago railways company had defrauded the city by keeping a double set of books, of returns due under its franchise.

The session of the council was marked by bitter evanescences during the debate. epithets of "knave," "fool," and "gigantic steal" were bandied freely. The investigation was ordered by a vote of 42 to 17.

EX-REBEL MEXICAN TROOPS HAVE MUTINIED

General Salazar With His Staff Officers Is Reported to be Held Prisoner by His Own Men.

El Paso, Texas, April 28.—Ex-rebel troops used General Jose Inez Salazar mutinied today at Casas Grandes, refusing to proceed in the campaign against the constitutionalists of Chihuahua state.

Salazar with his staff of officers is reported to be held prisoner by his own men.

The troops whose leader had accepted the Huerta national government were ordered to proceed to Chihuahua to enter the active campaign against the insurgents, threatening the state capital from the south. The order was given by Salazar met with refusal by a majority of men, private advices relate.

If the mutineers should go over to the constitutionalist side, Juarez, Chihuahua City and Parral will be the only points on the border state held by the Huerta government. The adjoining frontier states of Coahuila and Sonora already practically are in control of the revolutionists.

POPULACE WERE STARVING BUT TROOPS WERE WELL SUPPLIED

Say Turkish Soldiers Were Abundantly Supplied With Ammunition and Provisions When Scutari Surrendered.

Vienna, April 28.—The correspondent at Cattaro of the Vienna Reichspost, cites the English Red Cross doctors from the Turkish fortress of Scutari as authority for the statement that when the citadel surrendered although the populace was stricken with hunger the Turkish troops were abundantly supplied with provisions and ammunition, and that the announcement of the surrender caused a mutiny among the Albanians.

The doctors declare, according to the correspondent, that the capitulation of the city was due to the treachery of Essad Pasha and to his desire to gratify his ambition to become ruler of Albania.

TO APPROPRIATE HALF MILLION FOR EXPOSITION

BILL FOR PANAMA EXPOSITION WILL
BE INTRODUCED IN SENATE TODAY

An Exact Duplicate of the National Lincoln Monument in Oak Ridge Cemetery May be Erected on the San Francisco Exposition Grounds.

SPRINGFIELD, ILL., APRIL 28.—Half a million for an Illinois exhibit at the Panama-Pacific International exposition in San Francisco in 1915 is appropriated in a bill to be introduced in the senate tomorrow. It is proposed to reproduce on the San Francisco exposition grounds an exact duplicate of the National Lincoln monument in Oak Ridge cemetery. A commission to manage the state's exhibit is to consist of the governor, lieutenant governor, speaker of the house, eleven members of each house and eleven citizens.

Two bills already are pending in the legislature providing for the creation of a San Francisco exposition commission. One provides for an appropriation of \$500,000 for the purpose and the other calls for \$200,000. Owing to the state of public finances at the present time, Governor Dunne advocates limiting the appropriation to \$200,000 and it is probable his wishes in the matter will be observed.

Governor Dunne will lay before the senate tomorrow so additional appropriations including the trustees of the state reformatory at Pontiac. It is understood that Charles May and Frank H. Robinson will be retained on the board and that Bishop Fallows will retire.

It is expected that the newly appointed trustees will meet as soon as their appointments are confirmed by the senate and elect Daniel Whalen of Planagan, Livingston county, superintendent of the institution, to succeed A. R. Russell of Bloomington.

CORONER'S JURY EXOMERATES SLAYER OF BERNARD F. KIRLAN

James Tanner, a Waiter, Cleared on Self Defense Plea.

Springfield, Ill., April 28.—James Tanner, aged 24, who shot and killed Bernard F. Kirlan, aged 26, a huckster, on Sunday night, was exonerated by a coroner's jury here this afternoon.

Tanner shot Kirlan shortly before 9 o'clock Sunday night when they met near the corner of Second and Washington streets. Tanner at the time was with Adele Foster, the divorced wife of Kirlan, and the defense attempted to show that jealousy on the part of Kirlan prompted him to threaten Tanner's life on several occasions. On account of this Tanner carried a gun and when approached last night is said by witnesses to have shot only after Kirlan made a move to draw a weapon.

Tanner fired but one shot. Kirlan ran a few steps east then pitched down between the sidewalk and the curb. Without looking at his victim, Tanner walked to the police station and gave himself up.

According to the proprietors of the Angel restaurant, where Tanner was employed as a waiter, he was a peaceable man and gave no trouble. While no weapon was found on Kirlan he was known to have carried a gun on several occasions. Dan Mulvey is still in the hospital recovering from a bullet wound inflicted at the hand of Kirlan and when he met his death Kirlan was out on bond charged with assault with intent to kill.

VIOLENT HEMORRHOGE CAUSES DEATH.

Colorado Springs, Colo., April 28.—Violent hemorrhage of the lungs and kidneys induced by the use of drugs caused the death of Miss Lana Conger of Des Moines, Ia., at a local hotel Saturday, according to the finding of the coroner's jury today.

Miss McDole Sent Postals. Des Moines, Ia., April 28.—Miss Bird McDole of Des Moines is the "Bird" who sent Miss Lana Conger the postal cards which were found in her effects after Miss Conger's death in Colorado Springs Saturday.

Miss McDole was a close friend of Miss Conger but did not hear of her death until she returned home this afternoon after spending Sunday out of the city.

ADJOURN UNTIL MAY 17.

Berlin, April 28.—The Reichstag today passed the third reading of the budget and adjourned until May 17th.

WEATHER INDICATIONS AND TEMPERATURES.

Washington, April 28.—For Illinois: Fair and warmer Tuesday; Wednesday probably fair, moderate variable winds.

Temperatures.
Chicago, April 28.—Current, maximum and minimum temperatures today were:

	Current.	High.	Low.
Boston	50	50	48
Buffalo	54	56	36
New York	54	64	52
New Orleans	70	74	60
Chicago	46	47	40
Detroit	48	48	36
Omaha	64	68	42
St. Paul	64	68	42
Helena	42	52	36
San Francisco	54	56	46
Winnipeg	62	68	38

FINISH GENERAL DEBATE ON TARIFF

Debate on Tariff Bill In the House Winds Up In Final Outburst of Oratory

FEW ATTEND SESSION

Representatives Weary of Tariff Debate and Most of Speakers Talked to Empty Benches

MANY HEAR PAYNE CRITICISM

WASHINGTON, APRIL 28.—General debate on the Democratic tariff bill in the house wound up tonight in a final outburst of oratory. Democrats spent the day lauding the measure, while alternately Republicans and Progressives attacked its provisions.

The house, weary after a week of tariff oratory, did not produce a numerous attendance and most of the speeches of the day were made to empty benches.

However, Representative Payne of New York the ranking Republican member of the ways and means committee and the father of the present tariff law, had a good sized audience on hand to listen to his denunciation of the bill. He paid a vivid word picture of ruined industry and impoverished labor which he presented as the inevitable result of the Underwood bill. Republicans vociferously applauded when he declared that the education in the cost of living promised by the Democrats as a rule of the tariff revision was a fallacy.

Mr. Payne criticised the ways and means committee for putting wool on the free list.

"There are 3,000,000 goats raised in the United States," he said, "and I understand that 2,999,999 of them are raised in Texas."

Representative Mardock, the Progressive leader, criticised the tariff policy of both Democrats and Republicans. He said the Underwood bill was an "unreliable chaotic jumble of inconsistencies and urged that the tariff be placed in the hands of a non-partisan tariff commission. Representative Rainey of Illinois, Democrat, declared the bill represented a new era in the government's fiscal policy, "making lighter the burden of taxes upon the consumers of the country and compelling great wealth to contribute its fair share toward paying the government expenses."

Replies to Rep. Heflin.

Representative Chandler of New York, Progressive, advocated the reduction of certain tariff duties and replied to Representative Heflin of Alabama, who, he said had called Theodore Roosevelt, "the wild man from Africa" and in the same breath had invoked the spirit of Andrew Jackson to guide the deliberations of a Democratic congress.

"Jackson once killed a man named Charles Dickinson in a duel," said Mr. Chandler, "he threatened to hang Calhoun as high as Hamen; tried to horse-whip Thomas Benton, challenged General Winfield Scott to a duel, overran Florida; and had two hundred British boats on the water thereby early bringing us into a war with Great Britain and Spain and when president broke up his cabinet by his own head strong violence. This is the mild mannered man whose spirit is invoked upon this house by a Democratic congressman in the same breath that is employed to denounce Roosevelt as a wildman from Africa."

The debate finally closed at a night session with a lively defense of the Underwood bill by Representative Hardwick of Georgia and a short statement by Representative Underwood of Alabama, the Democratic leader, after speeches by Representatives Burnett of Alabama, Pepper of Iowa, Dupre of Louisiana, McKellar of Tennessee, Williams of Illinois and Connelly of Kansas, Democrats, Tower of Iowa and Farr of Pennsylvania, Republicans, and others.

Mr. Burnett referring to the Burnett-Dillingham immigration bill vetoed by President Taft read a telegraphic report of the proceedings of the vice commission of Illinois, April 25, regarding conditions at the Springfield factory of the International Shoe company which he said showed "that the Republican party is not only in partnership with the trusts but in partnership with the white slave traders."

DIPLOMATS TO ATTEND MEETING OF AMERICAN PEACE CONGRESS

Will Attend Fourth Meeting of the Congress to be Held in St. Louis This Week.

Washington, April 28.—A number of members of the diplomatic corps, including ministers from Peru, Bolivia, Costa Rica, Honduras, Salvador, Guatemala and the Dominican republic, and the charge d'affaires of the Panama legation, left tonight for St. Louis to attend the fourth meeting of the American Peace congress, preliminary sessions of which began tomorrow and which lasts through May 3. Most of the ministers are scheduled for speeches.

More About Diamonds

Size, Purity, Style, Coloring
Some of the Most Over-Looked Essentials

In the selection of diamonds size is only one of the many considerations.

Purity of color and freedom from flaws are very important elements---as also are shape and style of cutting.

The most important feature in buying diamonds is the source you procure them from.

We buy direct from importers and this enables us to give our customers the choicest of gems without having to pay the fancy prices.

MORTUARY

Brokaw.

Epheriam H. Brokaw, aged 76 years, died at the Jacksonville state hospital Sunday morning at 11:45 o'clock. The remains were taken to the Reynolds undertaking establishment and were sent to Delavan for interment.

Antoneuson.

C. W. Antoneuson died at 3 o'clock Sunday afternoon at the County farm, after an illness of some two months. The cause of his death was a lesion of the heart. For thirty-five years he has been a native of Enderbury, where he followed the work of laying drain tiles. He was born in Denmark and so far as known had no living relatives in this country.

Hinrichsen.

The funeral services for Margaret the 8 year old daughter of Edward S. Hinrichsen were conducted at the family home in Quincy Sunday afternoon and the remains were taken that evening for Mt. Sterling for burial. The little girl died from a spinal trouble caused by infantile paralysis. She is survived by her parents and by two sister, Mary and Frances.

Arendell.

Mrs. Mary J. Curtis, a well known resident of Manchester, died Saturday evening at 8:30 o'clock, following a long illness. She was born in Wheeling, West Virginia, October 6, 1834, being 78 years of age. She married Samuel Arendell, who died September 12, 1912. She was the oldest of a family of fifteen children and she leaves three brothers and three sisters, as follows: Mrs. Libbie Billings, Mrs. Anna Blevins, Frank Curtis of Manchester; Mrs. Addie McMahon of Girard; Douglas Curtis of Arizona and Cleonis Curtis of Kansas. Mrs. Arendell was the mother of six children, two of whom survive, William and Mrs. Sophia Garvin of Manchester.

The funeral services will be conducted Wednesday afternoon at 2 o'clock, in charge of Rev. Francis Fowler of White Hall, at the Manchester church, of which church the deceased was a member. Interment will be made in the Manchester cemetery.

We find we have too many accounts on our books---you will confer a great favor by paying your bill May 1st to 10th.

HILLERBY'S DRY GOODS STORE.

OBITUARY.

Mrs. James W. English whose death was noted in the Journal of Sunday morning was formerly Miss Eliza Stryker. She was born Dec. 5th, 1829 at Orange, Essex County, N. J. She was married to James W. English at Jacksonville, October 6, 1852 and resided here until the death of her husband, August 15, 1888. She then went to Joplin, Mo., where she lived until her death the last Saturday. The children surviving her are Mrs. Willard S. Paul and Mrs. George L. Sheppard of Joplin, Mo.; Mrs. Edward Johnson of Carrollton and Henry W. English of Jacksonville. The living brothers and sisters of Mrs. English are Misses Charlotte and Louis Stryker, Mrs. John A. Bellatti and Henry Stryker of Jacksonville and Mrs. Ornan Peterson of Carrollton.

The Strykers, who originally bore the name of Von Stryker came from Holland and were among the first settlers from New Amsterdam. They took out grants on Manhattan and Long Islands some of which are in the hands of members of the family today. Mrs. English came to Jacksonville with her father Henry Stryker Sr., in 1847. Her husband was the son of Dr. Nathaniel English who settled in Jacksonville in 1836 and took a prominent part in the early history of the city. James W. English was a lawyer of this city for many years. He was for one term Circuit Attorney for this judicial district and a member of the Constitutional convention of Illinois which adopted the present constitution in 1870.

The funeral will be held at the residence of her son Henry W. English at 326 South Diamond street at 2:00 o'clock this afternoon. All friends and acquaintances are invited. The services will be in charge of Rev. H. H. Mitchell of Trinity church and interment will be private at Diamond Grove cemetery.

Sour Stomach.

This is a mild form of indigestion. Eat slowly, masticate your food thoroughly and take one of Chamberlain's Tablets just after supper and it may be avoided. For sale by all dealers.

DOMESTIC SCIENCE GIRLS VISIT CAPPS' MILLS.

A party of twenty girls of the domestic science department of the Beardsdown High school came over recently to inspect the Capps mills. They were accompanied by their domestic science teacher, Miss Emma Yeck, and Miss Gertrude Becker, also of the high school faculty. Jacksonville people do not realize sometimes the unique opportunity afforded by this establishment for observation in the various steps of woolen manufacture as it is one of the few plants at which all the processes are carried on.

A CARD.

This is to certify that all druggists are authorized to refund your money if Foley's Honey and Tar Compound fails to cure your cough or cold. John Berner, Tell, Wis., says: "I used Foley's Honey and Tar Compound for five years, and it always gives the best satisfaction and always cures a cough or cold." Refuse substitutes. City Drug Store, J. A. Obermeyer.

PLANTED CORN MAY 2.

Samuel Butler of the Buckhorn neighborhood was in the city Monday. He recalled that in 1839 on May 2nd he had planted 120 acres of corn. The continued cold weather and the big rains of the early spring have somewhat retarded planting for corn so that it is probable that there will be considerable corn planted the first week in June.

CITY COUNCIL HELD

USUAL MONDAY SESSION

Will Give Notice to Barber Shop Owners That Sunday Law Must be Enforced---Talk About Cinders For Sub-foundations of Sidewalks.

At the Monday session of the city council the barbers Sunday closing law, the matter of using cinders as a sub-foundation for concrete walks and the pay of a stenographer for the city attorney occupied the greater part of the time. Mayor Davis and all the commissioners were present when the roll was called by R. L. Pyatt, clerk. Gus Opperman, Charles Rose and Carl Graubner were present to represent the boss barbers of the city, who are asking that the Sunday closing ordinance be strictly enforced with reference to barber shops. The barbers a week ago asked the council to pass an ordinance like that in force in Springfield. The commissioners, however, prefer not to adopt a new ordinance if one now on the statute books will stand in the course. City Attorney Thompson has given as his opinion that the ordinance can be enforced and says that it differs only slightly from the Springfield ordinance. By a vote of the council the chief of police was instructed to notify any barber shop proprietors who now keep their places open a part of Sunday that unless the shops are closed that arrests will follow. This action will bring the matter to a head and if the shops are kept open a test case will be tried at once.

The ordinance referred to is intended to cover all kinds of infractions of the Sunday law providing for the punishment of any act which by labor or the conduct of any business disturbs the peace and good order of society.

Commissioner Newman introduced an amendment to the sidewalk ordinance providing that cinders may be used beneath the concrete foundation for drainage purposes. Mayor Davis and Commissioner Brennan were opposed to this change, maintaining that it was not possible to have as good a job if cinders were used as if nothing but rocks were put in for both foundation and sub-foundation. Engineer Henderson said that cinders were really better for the sub-foundation permitting drainage. He agreed with Commissioner Newman that the cinders would be cheaper for the property owner and that the work would be just as good.

Commissioner Knollenberg was in favor of providing for gravel or rock and his views coincided with those of the mayor and Mr. Brennan, who said that cinders would mean wood ashes if a sharp watch was not kept. Commissioner Engel wanted to look into the proposition before voting for or against it. Commissioner Newman said he would leave the question to any concrete contractor in Jacksonville. Then the ordinance amendment was read and action was deferred until a later meeting.

City Attorney Thompson asked the council what they intended doing about pay for a stenographer. In his office. It has been the custom to pay \$25 a month for the city attorney's stenographer but the intention was to have most of Mr. Thompson's stenographic work done at the city hall. He, however, finds that it is not convenient to handle the matter in this way. The question was decided by allowing him for the coming month to bill on the city for the actual work done by his stenographer for the city, copying the work of that kind to be done at the city hall.

Commissioner Newman asked what the board of local improvements intended doing about pushing through sidewalk and paving work and the mayor intimated that the commissioner was a member of that body and should know. Then followed some discussion as to whether the commissioner of streets and highways or the superintendent of streets is a member of the local improvement board. Mr. Newman maintained that the superintendent of streets is the member and quoted from the commission form of government act to support his statement.

In the electric light bond election one of the poll books was by accident sealed up with election ballots and until this book can be secured the returns cannot be canvassed. In accordance with the law therefore, Mayor Davis will call in the judges of election in that precinct and they will open the ballot box and take out the book. Then the book will be turned over to the council. This action will probably be taken today.

We find we have too many accounts on our books---you will confer a great favor by paying your bill May 1st to 10th.

MATRIMONIAL

Abell-Molohon.

The marriage of Thomas A. Abell and Miss Nancy Molohon took place in Pawnee, Ill., last Wednesday. The bride is a sister of H. A. Molohon of Jacksonville. The Pawnee Herald in speaking of the wedding says:

"The marriage of Thomas A. Abell of Louisville, Ky., and Miss Nancy E. Molohon of this city, occurred at the St. Mary's church at 8 o'clock Wednesday morning. The ceremony was performed by Rev. John Abell of Kentucky, a son of the groom. The attendants were Miss Maude Burtle of Pawnee and Carl Abell of Louisville, Ky. At the conclusion of the ceremony the wedding party returned to the home of Mrs. Susan Burtle, the bride's sister, where breakfast was served. Robert Abell, the groom's brother, entertained the party at dinner the same day. Mr. and Mrs. Abell will make their home at Louisville, Ky. Erke-Taylor.

Emmet Erke of Liberty and Miss Eleanor Taylor of Coatsburg, were married Monday morning at 9 o'clock by Justice W. T. Dyer, at his office on West State street. The groom is a farmer and they will reside on a farm in Adams County.

La Princesse and Henderson Corsets.

A showing of the authentic styles in back laced and front laced models and the correct designs for stout, average and slender figures.

HENDERSON CORSETS

These splendid Corsets have been accepted as the standard popular priced models. When we say "accepted" we mean that not only the retailer, but also the wearers have strongly placed their approval on these corsets.

The problem of making a truly stylish and serviceable corset from one to five dollars is not an easy one. There must be economy in buying and manufacturing and in volume of output. Both of these factors are accomplished and today we are able to give what is undoubtedly the greatest values in moderate priced corsets that have ever been attempted before.

The unprecedented demand for Henderson Corsets is ample testimony to the fact that they are of exceptional worth in style, value and wearing qualities.

The style, fit, comfort and service of a corset depends largely upon its construction.

The Leading Features of Henderson's Corsets

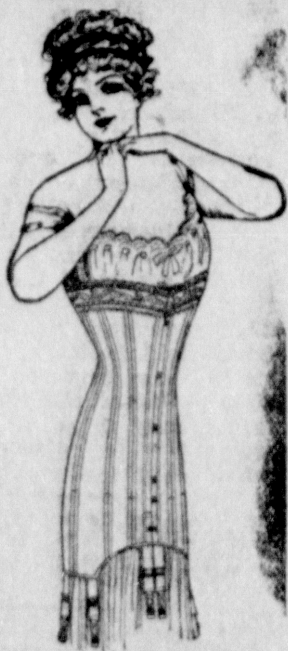

The side stays are double; they are made of the highest grade, non-rustable, flexible, clock spring steel. The bones are double, double stripping covering bones and side stays. The clasp is practically unbreakable.

If You Want

Stylish, up-to-date, perfect fitting, durable corsets, at moderate prices. Insist on being shown

LORIMER WILL SEEK SENATE SEAT AGAIN

Former Senator Reorganizing Forces For Tryout in Coming Mayoralty Contest in Chicago.

Record Herald: William Lorimer, who once held a seat in the United States Senate, will be a candidate for membership in that body two years hence. The next election of senator will be by direct vote of the people.

Anticipating the victory of the direct election advocates, Mr. Lorimer and his lieutenants have been quietly organizing their forces and a concrete army of workers has been marshaled. The Lorimerites will make their first fight in the coming mayoralty campaign.

William Hale Thompson, who had the distinction of being the first and only president of the Lorimer-Lincoln League, is being groomed for the mayoralty nomination. But the efforts of Mr. Lorimer in reorganizing his forces have not been confined in Chicago. He has formed local clubs in every county of the state under the name of the Republican Club of Illinois, which has branches in nearly all of the smaller towns.

Foresee G. O. P. Woes. The old Lorimer war horses out in the state are again to be called to the battle line. Len Small of Kanakakee is directing in his section of the state the work of organizing for Mr. Lorimer's senatorial race. Cicero J. Lindly and Richard M. Sullivan are in charge of the rehabilitation of the Lorimer political prowess in the lower end of the state. There is expected to be an exhibition of family trouble when the anti-Lorimer Republicans get ready to name a candidate.

Lawrence Y. Sherman, his backers declare, will be a candidate to succeed himself. Former Governor Deenen has always nourished the desire to be a senator, and several of his political intimates are urging him for the place in 1914. Should he be a candidate the Republican party vote would be split, and this is the hope of the Lorimerites. For they see in such a division possibility of sneaking through to victory.

There is no case on record of a cough, cold or larynx developing into bronchitis, pneumonia or consumption after Foley's Honey and Tar Compound has been taken. The genuine is in a yellow package. Refuse substitutes. City Drug Store, I. A. Obermeyer.

SANITARY ARRANGEMENT.

The toilet and rest rooms at the J. Herman millinery and ready to wear establishment have been provided with sanitary towels for the use of employees and visitors. The towel is made of paper and resembles crash which is in general use. When one uses a towel it is torn off the roll and thrown away.

AN APPEAL TO WIVES

You know the terrible affliction that comes to many homes from the result of a drinking husband or son. BRYAN DELIVERS WILSON'S MESSAGE

(Continued from page one)

Governor Defends Majority.
Governor Johnson made a brief but intense speech in defense of the position taken by the majority party in California. He told Secretary Bryan that the right of California to follow the lead of other states was unquestioned, and declared that such a course now seems assured.

The address was brief, but it indicated plainly that the opinion of the administration remained unchanged by the arguments put forward by Mr. Bryan. When Governor Johnson took his seat there was a general feeling that the alien land situation had been settled, regardless of what may be forthcoming from Washington.

Senator Caminetti attempted to make a heated attack upon Governor Johnson whom he criticized for not favoring the land bills two years ago, but was checked on a point of order and the conference adjourned immediately. It is to meet again at the call of the presiding officers of both houses whenever Secretary Bryan shall indicate that he should receive further information from Washington.

Japs Will Investigate.

Tokio, April 28.—The report that Viscount Kentaro Kaneke, privy councillor is going to Sacramento in connection with the pending alien land downer legislation is untrue, but the Seiyukai (Constitutional) and Kokumino (Opposition) parties are despatching representatives to California to make a personal investigation of the situation. The official view is more hopeful owing to Secretary Bryan's mission, but public opinion still insists that the present is the most suitable moment to settle the whole American-Japanese question and thus prevent a recurrence of similar disputes.

An inspired article in the newspaper Asahi explains that the delay in putting in force the Japanese foreign land ownership bill of 1910 has been due to the discovery of imperfections, and the long list of those cited indicates that probably years will elapse before the amendments are approved.

Oppose Alien Ownership.

Philadelphia, April 28.—A general defense of the attitude of those who oppose alien ownership of land and unrestricted Asiatic immigration was made today by H. H. Stevens, member of the Canadian parliament from British Columbia, in an address before the Poor Richard club.

Declaring that if the eastern United States and the eastern half of Canada, "could appreciate the real situation on the Pacific coast they would sympathize with the view point of the people out there towards the Chinese and Japanese."

Mr. Stevens laid down as a basis for his argument that immigration is a privilege we grant, not a right for aliens to claim. "It may seem a small thing to let them own 13,000 acres of land, but that is an opening wedge, a beginning," he said. "Californians think they know too well how it would end. I think anyone who studies conditions out there will agree with me that it would be criminally delirious for the lawmakers to do anything that would tend to upset present standards of civilization."

"The problem of Asiatic immigration should be handled in a broad way, with the good of the whole country in view and with a due regard for the facts of the situation."

In explaining the Canadian immigration laws, Mr. Stevens said that by a secret treaty a diplomatic arrangement with Japan, only some 400 Japanese came into Canada each year.

He added: "We charge \$400 head tax upon the Chinese and are thinking of making the law against them even more stringent."

"With your federal government in the east, the power naturally centers here and the west suffers just as our west suffers because the dominion government is in the east," concluded Mr. Stevens. "Let us hope that no hasty action will be taken and that the government at Washington will look into the situation carefully before trying to force the Pacific into line."

GOVERNOR DUNNE RETURNS FROM INSPECTION TRIP

Is Convinced That Illinois Has Done Good Work in Flood Districts.

Springfield, Ill., April 28.—Governor Dunne, back at noon today from a personal inspection of conditions from Cairo to Shawneetown, is convinced that Illinois, through her representatives has done a good work in providing for persons who have suffered from the floods. Moreover the governor's notion has been substantiated by the flood sufferers themselves who have sent to the governor several sets of resolutions, commending the state's work and expressing their appreciation and satisfaction. The resolutions came from Cairo, Mound City and Shawneetown. All praise the work of both military and health authorities.

APPOINTED AS DELEGATE

Springfield, Ill., April 28.—Professor Francis G. Blair, state superintendent of public instruction received word to day that he has been appointed by the International Education commission as a delegate to the International peace conference to be held at The Hague on September 1 and 2.

Supt. Blair will represent the officers if the association in the country.

DUFFY GETS DECISION.

Butte, Mont., April 28.—Jimmy Duffy of Lockport, N. Y., was given the decision over Ray Temple of Milwaukee in a twelve round fight here tonight. The men fought at 135 pounds. Duffy carried the fight to Temple in every round.

HENRY H. KNOLLENBERG CELEBRATES EIGHTY-SECOND BIRTHDAY SUNDAY

Well Known Retired Merchant Observes Anniversary in Quiet Manner.

Henry H. Knollenberg, a well known retired merchant, celebrated his eighty-second birthday Sunday at his home on South Main street, surrounded by those of his household residing in this city.

Mr. Knollenberg has been a resident of Jacksonville for a number of years, and for a long period conducted a cigar store on the east side of the square, but a few years ago retired from active business. He received the congratulations and best wishes of a large number of friends, and as he is still enjoying good health, he bids fair to celebrate many more birthdays.

SOCIAL EVENTS.

A number of young people gave a dance Monday night at the Peacock Inn.

Dr. and Mrs. Byron S. Gabley and Miss Smith have issued invitations for a dancing party to be given at the new K. C. hall Thursday, May 1st for Miss Anna Brown.

Announcement has been made by Mrs. Cora S. Melick of Chicago, of the engagement of her daughter, Miss Isabelle Melick to Mr. W. G. Bate. Miss Melick is a teacher of domestic science in the high school and Mr. Bate is instructor of history and political economy. The date of the wedding has not been announced.

BANKERS MAKE PROTEST AGAINST WASHED MONEY

Cashiers Throughout the Country Claim it to be "the Counterfeiters' Delight."

Washington, April 28.—Letters from 587 bank presidents and cashiers throughout the country protesting against washed money and proclaiming it "the counterfeiters' delight," were offered for printing as a public document today by Senator Martine. Objection from Senator Smoot prevented the printing.

During the discussion, Senator Martine said a bank president in Tennessee had written him declaring that the man should be tarred and feathered who put pantaloons on the American Eagle currency. Senator Gallinger suggested that the treasury's money laundering process might wash the pants off.

WILL CALL NO SPECIAL SESSION TO REPEAL ORR LAW

Governor Major Announces Positively That He Will Call No Session That the Orr Law is Just and Will Be Enforced.

St. Louis, April 28.—There will be no special session of the legislature to repeal the Orr insurance law this Governor Major tonight stated positively at a meeting of insurance men, bankers, business men and state officials to discuss the threat of withdrawal from the state of fire risk concerns. The governor was emphatic.

"I will not call a special session of the legislature to reconsider fire insurance legislation. The Orr law is just," he said. Under it provisions the insurance companies need not refuse to do business as there is nothing in the measure of prohibitory character. Business interests would not suffer if the law applied and the companies continued to write business.

State insurance commission Reville explained that the law would not hurt the companies to the extent they would suffer through writing new business.

LA SALLE WOMAN ARRESTED.

Washington, April 28.—Bearing \$2,000 and bound for the white house to see President Wilson, Miss Abbie Brennan, of LaSalle, Ill., was arrested tonight just after she had alighted from a train at union station. Her actions at the station attracted the attention of detectives and she was taken into custody and remanded to a hospital for observation. When she was searched, bills aggregating \$2,000 were found. She declined to disclose her mission to the white house.

PERILS OF STRAP HANGING.

Chicago, April 18.—Perils of strap hanging were illustrated here today when Miss Elsie Fruga, seventeen years old, was torn from her hold at a curve on the elevated road and thrown partly through a window. She was badly cut by broken glass and her condition is reported as serious by the hospital to which she was taken.

GUESTS OF MISSOURI.

Springfield, Ill., April 28.—Governor Dunne, and members of his official staff will be guests of the state of Missouri at the ceremony of Wednesday in which the new Jefferson monument and structure in St. Louis will be dedicated.

The governor will be one of the banquet speakers.

SLIGHT EARTHQUAKE.

Montreal, April 28.—A slight earthquake shock was experienced here shortly after 7:30 o'clock this evening, but no damage is reported.

Shock Felt at Ottawa.

Ottawa, April 28.—An earthquake shock was felt here tonight. Houses were badly shaken but no one was killed or injured, according to early reports.

ADOPT COMMISSION FORM.

Lawrence, Kan., April 28.—Lawrence today adopted commission form of municipal government by a vote of 1,769 to 82.

SULLIVAN IN WASHINGTON.

Illinois Democrats Are Wondering What the "Big Boss" is Doing Down at the Capital.

Record Herald: Roger Sullivan, former Democratic national committeeman from Illinois, is here located at the Raleigh hotel. There is considerable speculation as to the nature of Mr. Sullivan's mission, but he is not communicative on the subject. Asked this afternoon as to the purpose of his visit, Mr. Sullivan replied:

"I am just looking things over." Mr. Sullivan is reputed to be interested in the candidacy of Edward N. Hurley of Chicago for comptroller, and to oppose M. F. Dunlap for assistant treasurer at Chicago. He says he probably will see Senator Lewis of Illinois, that he will be here a day or two, and that his visit has nothing to do with tariff matters. He did not know whether he would see President Wilson.

It was reported that Representatives O'Hair, Borchers and Baltz are about to reach an agreement on men to succeed the present United States marshal, district attorney and their assistants in the eastern judicial district, as well as some other important federal officials. It is understood that the several congressmen concerned plan to divide three offices among their friends, so far as they are permitted to do so.

They will prepare a slate of appointments which they will submit to Senator Lewis, it is said, hoping he will approve it. Isaac Craig of Mattoon, George W. English of Effingham and James Dwyer of Danville are among the leading candidates for the district attorneyship in the eastern Illinois district.

H. M. Pindell of Peoria was unable to see President Wilson when he called at the white house Sunday.

SECOND CHRISTIAN

CHURCH REVIVAL.
A good interest is being manifested at the Second Christian church revival which is being conducted by the Rev. George Hoagland. Four additions are reported Sunday.

Miss Borden arrived in the city last night for a visit with her sister, Mrs. P. C. Thompson.

INSTITUTE GETS \$200,000.

New York, April 28.—The Rockefeller Institute for medical research is left \$200,000 by the will of Henry Rutherford of Grand Isle, Vermont, who died here February 26th. The will was filed here to day. The income of the bequest, the testator says is to be used to find a cure for cancer.

SUFFER CONCUSSION OF BRAIN.

Pipestone, Minn., April 28.—As the result of being hit in the head by a ball while attempting to steal third, Clyde Porter, aged 12 whose parents live near Chandler is dead. The blow caused concussion of the brain.

MORE ENTRIES IN FOR BIG MEET

BEARDSTOWN, PITTSFIELD AND PETERSBURG SEND LISTS.

Railroads will make special accommodations for students who attend—Two Bands Will Probably Play—Track Promises to Be Fast—Important Business Meeting to Be Held.

Weather prognosticators are of the opinion that next Friday, the day of the big western Illinois high school league meet, will be bright, which means a big attendance. Negotiations are now under way with the Jeffries band to furnish music for the day and the plan is to have the band lead a parade to the Illinois college field early in the afternoon, as the meet starts at 1 o'clock. The high school band is also to furnish music so that the visitors aside from the athletic contests will be entertained.

The various schools are negotiating with the railroad companies to have train service shifted to accommodate all and as near as possible the roads will concede to the wishes of the students. The Burlington train which goes north will be held long enough so that the students can make home after the meet is over.

Shake-Up in League.
There is still considerable talk of enlarging the boundary of the league and take in some more good towns who are knocking for admission. If this is done, some of the weaker schools who have been hanging on year after year, with such a slight showing, will find themselves dropped from the organization. As a matter of fact last year, there were two schools, who did not win a single point in the athletic events, which is certainly a poor showing.

Gossip of New Arrangement.
While Illinois college furnishes officials for the meet and the event is held on Illinois field, the local high school has always taken the initiative in seeing that the other schools are provided for and in a measure holding the responsibility. It is known that some of the Illinois men favor the proposition. If this change is made the W. I. H. S. league promises to be enlarged to such an extent, that the meet will be second to none in the state, as no school will be barred who shows a good list of athletes, or at least three or four men of marked ability.

Important Business Meeting.
Some of the Pike county teams have been trying for several years to form a new league, and Petersburg has been among the towns who has made a bid for the W. I. H. S. L. Jacksonville, however, is too central a point for the majority of the schools to vote a change and if the management passes into the hands of Illinois college, and the boundary of the league enlarged, that will be a greater incentive than ever for as many towns to remain.

At any rate the coming business meeting of the league promises to be a very important one and several matters of unusual interest will be threshed out.

Killbrow May Be In.
Local athletes are figuring on Jacksonville's chances of winning. At present Beardstown has a big margin on most of the places and their showing at Griggsville warrants the presumption. Killbrow, who is a member of the local athletic squad, will probably be seen in a uniform. Killbrow's case is an especially interesting and peculiar one. On account of a succession of accidents and sickness part of which kept him at the hospital and confined to his home for months, his again able to be in school. During the time he has been out, which is over a year, he has been keeping up his studies and his work is such as to entitle him the privileges of entering. Of course Principal Gore does not intend to admit Killbrow until the matter is brought up at the league business meeting which is to be held in the morning. There is every reason to tell that Clay will compete, although he has practically no training.

The following entries were received

Monday by Coach Harmon of Illinois:

ATTENTION MASONS.
All Masons are requested to meet at Masonic Temple this afternoon, at 1:30 o'clock to attend the funeral of our late brother, James York.
G. R. Bradley, W. M.
John R. Phillips, Secretary.

HAD NARROW ESCAPES.
Manchester and Murrayville Parties in Runaway.

Mr. and Mrs. Elmer Story while driving to Murrayville Sunday morning participated in two runaways. They were in a buggy and the horse became frightened and turned around suddenly, throwing both occupants out, who escaped injury. The shafts were broken, so that another had to be secured from C. Justus Wright. Good headway was then made toward Murrayville when the horse became frightened and ran away the second time, with no serious results.

Runaway Near Winchester.
Mr. and Mrs. Walter Whewell of Manchester were thrown violently from their buggy Sunday night, while enroute to Winchester to visit with relatives. The horse was frightened as the result of the harness breaking while going down a steep hill. Aside from a few bruises, Mr. and Mrs. Whewell escaped injury.

I. O. O. F. NOTICE.
Members of Urania Lodge No. 243 I. O. O. F. are requested to meet at hall 1:30 p. m. to day to attend the funeral of our late Brother James W. York. Members of Illini Lodge No. 4 and visiting brothers invited.
Ola Seymour, N. G.
Charles J. Roberts, Secretary.

THE TEMPERATURES.
The temperatures for Monday, according to G. H. Hall, weather observer at Alexander, were: maximum, 65; minimum, 35.

DR. TANNER TO LECTURER.
The second lecture in the series on the Classical Drama will be presented tonight at 8 o'clock by Dr. Tanner of Illinois College. He will discuss, Aeschylus, Euripides, Sophocles. All students and especially those who do not expect to take a classical course, are urged to avail themselves of this opportunity to become familiar with one of the most important of all dramatic epochs.

CITY AND COUNTY

Mrs. George Degen was among the visitors in Springfield Sunday.

Miss Gertrude Riley was a recent visitor in the city from Ashland.

Miss Pearl Zirkle of Litterberry was a recent Jacksonville visitor.

Mr. and Mrs. Harvey Wheeler were among the recent visitors from Franklin.

Mr. and Mrs. F. B. Six and daughter Harriet of Alexander spent Sunday in Springfield.

Mr. and Mrs. Patrick Shanahan spent Sunday in Springfield at the home of Mrs. Shanahan's parents.

Mr. and Mrs. E. J. Kumble and daughter, Miss Lillian, of Alexander visited in Jacksonville yesterday.

Mrs. Johnson and Mrs. Billwin and two daughters of New Berlin were Monday visitors in Alexander.

Mr. and Mrs. Charles Bennett, Mr. and Mrs. Henry Welbourn, Mrs. Matilda Richardson and Rev. W. J. Rainey of Orleans were Monday visitors in the city.

Warren Pierce, of Whipple academy, returned Monday afternoon from his home in New Holland where he was called on account of the illness of his mother. He reports her health much improved.

Dr. Charles Kaufmann and wife departed Monday evening for their home in Chicago, to be present at the wedding of Dr. Kaufmann's cousin, who will be married Tuesday at the Blackstone hotel.

New Method Gas Stoves Are Different. Why?

First—They are more satisfactory to the user on account of consuming 29 to 40 per cent less gas, and the many patented improvements which they have made them do better baking, broiling and toasting, easier to operate and to take care of.

Second—When properly installed complaints of burners choking, imperfect cooking, valve handles coming off, oven bottoms warping, oven doors falling and breaking, explosions in ovens, and parts rusting out are never heard of from the users.

PHI NU SOCIETY

HOLDS OPEN MEETING

Splendid Program Given By Literary Organization of the Illinois Woman's College.

A large audience heard a splendid program in Music hall Monday evening, the occasion being the opening meeting of Phi Nu Literary society. As is well known, Phi Nu society contains some of the brightest students of the school, and this fact was demonstrated last night in the splendid program they gave. The whistling solo by Miss Freeman, met with great approval by the audience. The paper prepared by the Miss Anna Shipley was read by Miss Freda Sidell, as Miss Shipley was unable to attend the meeting. Miss Celia Cathcart, the president and Miss Helen Moore, the recording secretary, had the meeting in charge.

The following was the program:

Instrumental solo—Ruth Mattocks.

Essay, "Forestry"—Mary Lawson.

Whistling solo—Frances Freeman.

Paper, "Four Kinds of Nature"—Miss Anna Shipley (read by Miss Sidell).

Quartet selection—Freda Sidell, Feril Hess, Majorie Grandy and Ruth Irle.

Reading, "The Music Teacher"—Frances Frazee.

Singing Phi Nu song.

The following are the officers of the society:

President—Celia Cathcart.

Vice-president—Freda Sidell.

Recording secretary—Helen Moore.

Corresponding secretary—Feril Hess.

Treasurer—Elizabeth Dunbar.

Chaplain—Frances Frazee.

Choister—Ruth Mattocks.

Critic—Abbie Teavoy.

Librarian—Anna Shipley.

Prosecuting attorney—Marie Miller.

Ushers—Frances Freeman and Feril Hess.

EYE WITNESS TO

DEATH OF LINCOLN

Dr. T. D. Bancroft Will Speak At High School Today.

Dr. T. D. Bancroft, one of the few living eye witnesses of the assassination of President Lincoln will make an address this morning at 10:15 o'clock at the high school. Dr. Bancroft picked up the bloody program which Lincoln dropped at the time he was shot. When the great trouble between the south was just commencing Dr. Bancroft was a member of the 110 Kansas citizens who went to Washington and acted as a body guard for Lincoln. The company was allowed the privilege of staying in the white house and slept on the velvet carpet in the east room. He also heard nearly all of the farewell addresses of the southern members of congress, after the war was over. Dr. Bancroft has a wonderful store house of valuable data of war times and of Lincoln, and the treat afforded the students this morning is an unusual one. All citizens who would like to hear the speaker are invited to attend as there is no admission.

All this week—Big sale of ladies' and misses' suits and coats—liberal

NOTICE OF FINAL SETTLEMENT

In the matter of the estate of John Curran, deceased.

Notice is hereby given that I, the undersigned administrator of the estate of John Curran deceased,

have caused my final report and account as such administrator to be placed on file in the office of the clerk of the county court of Morgan county, and that I shall apply to said court on Monday the 12th day of May, A. D., 1913 at 9 o'clock a. m. of that day, or as soon thereafter as I can be heard, for an order of approval of said report and account, and for my final discharge, at which time and place all persons interested can appear and show cause, if any they have, why such order and discharge should not be granted.

Thomas Foley, Administrator.

Don't fail to visit our music department, Miss Jaeger, who formerly conducted the 10c music store on East State is now in charge of our popular music department with a line as complete as you will find in the larger cities.

W. W. Woolworth Co., 5 & 10c Store.

GIFT OF ALLIGATORS.

George Middleton, who has been spending some time in Clermont, Florida, in quest of health, has returned to his home west of Jacksonville. Among the curios he brought back were five alligators which he presented to Dr. Allen M. King. The little critters are about a half a foot long and over a year old.

COLUMBUS HAIRGROVE CELEBRATES

EIGHTY-FIFTH BIRTHDAY TODAY

A Southerner By Birth, Mr. Hairgrove Spent Three Years In Union Army.

Eighty-five years ago to day, Columbus Hairgrove, a retired carpenter and farmer who resides at 305 East Morgan street, was born in Troup County, Ga., a son of William Hairgrove.

Mr. Hairgrove was one of seven sons and when quite small moved to Mississippi, remaining there until a young man. His father was a strong abolitionist and foreseeing trouble over the slavery question moved to Illinois in 1850, bringing with him six of his sons, the other having married, remained in the south.

In 1857 William Hairgrove moved to Kansas and settled on the border. He was a neighbor of John Brown. At this time the border trouble was at its height. William Hairgrove was one of the eleven men who were taken out to be shot by a band of "Border Ruffians" led by Charles Hamilton and Brockett, and the victims, five of whom were murdered, were taken out merely for the crime of holding Free State sentiments. Nearly all of the victims were unprepared and unresisting and were taken into a deep ravine along the bank of the Marias des Cygnes river, lined up a few feet in front of the horsemen and Hamilton gave the word to fire. Twenty-seven rifles and revolvers answered and all of the eleven men fell, four dead and all but one of the rest wounded. The horsemen rode away but after going short distance three of them returned, kicked and rolled over the bodies to see if they were dead. One of the men appeared only slightly wounded and one of the horsemen placed his revolver to the prostate man's ear and fired. Mr. Hairgrove received four bullet wounds in the breast, but recovered.

Columbus Hairgrove enlisted in the 101 Regiment, Ill. Volunteer Infantry, and served three years in the Civil War. He and five of his brothers were members of the Union army and the brother who remained in the south, was in the Confederate Army.

In 1893 Mr. Hairgrove married Rose Ann Whitlock, a daughter of John Whitlock, who died three years ago, having lived in Morgan county eighty-two years. Mr. Hairgrove has one son, Dr. John W. Hairgrove and one daughter, Miss Josephine M. Hairgrove. Since coming to Illinois Mr. Hairgrove followed the occupation of carpenter and farmer, but retired from active work several years ago.

No formal program has been prepared for the observance of Mr. Hairgrove's birthday, but he will have the hearty congratulations of a wide circle of friends.

WILL ATTEND DEDICATION

Washington, April 28.—A party of senators and Representatives left here tonight from St. Louis to attend the dedication of a monument to Thomas Jefferson. The party included Senators Hart and Hughes of New Jersey; Jones of Washington and Kenyon of Iowa; Representatives Covington of Maryland; White of Ohio; Bartholdt, McGill and Dyer of Missouri; Kahn of California and former Representative Rodenberg of Illinois and Craven of Arkansas.

Mr. Gough, a mechanical expert in the employ of the Universal Utilities company of Chicago, is in the city on business with the local agent James R. Ranson of Finley street, who is also a stockholder of the company. Mr. Gough is engaged in installing the company's principal article of manufacture, an automatic spray disinfector.

WANT TARIFF BILL AMENDED.

Chicago, April 28.—Directors of the Illinois Manufacturers association to day voted to call a convention of manufacturers and producers of the United States at Washington on May 15th, for the purpose of formulating a amendment to the tariff bill to give President Wilson power to formulate trade agreements with foreign nations upon articles which is proposed shall be placed on the free list.

ODD FELLOWS INITIATE THREE.

At the regular meeting of Urania lodge No. 243, I. O. O. F. R. L. McGuire, Frank Aguar and Melvin Smith were initiated. After the work a social hour was enjoyed when refreshments were served.

LYNNVILLE PASTOR ASKED

TO REMAIN ANOTHER YEAR

Christian Church People Hold All Day Meeting—Rev. G. W. Burnett Will Stay—Extensive Improvements on Building.

The members of the Lynnville Christian church held an all day session Sunday, and the time was most profitably spent. The Bible school and preaching service were conducted in the morning, together with the communion service, by the pastor, Rev. G. W. Burnett.

Dinner was served in the church at noon and in the business session which followed, Rev. Mr. Burnett was extended a unanimous invitation to continue his pastorate for another year. The plans and specification for the remodeling of the church were also presented and submitted and it was the opinion of the board that work should be commenced as soon as the contract was let. It is planned to enlarge the basement so that church suppers and other public gatherings can be held there. Additional class rooms will also be built and it is probable that \$3,000 will be spent.

The church has been doing some splendid work the past months and the members are looking forward to a year of great work for the Master.

WITH SICK PEOPLE.

Mrs. Fenton R. Mathews who underwent an operation at Passavant hospital is rapidly improving Sunday afternoon she was taken in a wheel chair from her room into the chapel and there in her chair she gave an informal concert for the nurses and some of the patients; singing several sacred songs and other numbers by request. Mrs. Mathews who is a pupil of Miss Oldfield possesses a remarkable voice which has been beautifully trained.

Mrs. Peter Kastrop of South Church street is a patient at Passavant hospital.

Miss Rose Luby, an operator at the Alexander telephone exchange is ill at her home in Alexander.

Mrs. E. C. McClure of Beardstown who was brought to Passavant hospital last week, underwent an operation Monday morning. Although the operation was of a very serious nature the patient is doing nicely. The last reports were that she was resting easy.

Joseph Tomlinson who has been a patient at Passavant hospital for a number of weeks, was not so well yesterday.

BODY TAKEN TO OLD HOME.

St. Paul, Minn., April 28.—The body of Charles L. Boucher who killed himself with a revolver here last week after writing a note in which he told of a double life, was taken to day to his old home at La-Crosse, Wis., for burial. The body was claimed by a brother. No word has been received from Boucher's first wife at Waterloo, Iowa.

of every description, including Ideal Summer and Porch Furniture, Porch Shades, Settees, Swings, Refrigerators, Ice Cream Freezers, Blue Flame Oil Cook Stoves, Caloric Fireless Cook Stoves, etc.

All at a remarkable saving in price. Come this week and let us show you our offerings. A few specials for the week illustrated below:

GOLD DUST

makes soft water
available everywhere

Every woman knows the luxury of having soft water at her command, especially for washing clothes, but Nature has denied this luxury to many, especially to those living in cities or in "hard water" countries.

However, every woman can have soft water in her home with little trouble and less expense. The sprinkling of Gold Dust washing powder in the water from your taps or well will make it as soft as the rain water that falls from the clouds.

Gold Dust takes out the mineral substances that make the water hard and brings out the greatest cleansing value.

The Gold Dust Twins
Make the Whole World Brighter

Gold Dust is sold in 50 size and large packages. The large package means greater economy.

"Let the GOLD DUST TWINS do your work"

HUSBAND NAILED RUBBER ON GATES

Wife so Weak and Nervous
Could Not Stand Least
Noise—How Cured.

Munford, Ala.—"I was so weak and nervous while passing through the Change of Life that I could hardly live. My husband had to nail rubber on all the gates for I could not stand it to have a gate slam."

"I also had backache and a fullness in my stomach. I noticed that Lydia E. Pinkham's Vegetable Compound was advertised for such cases and I sent and got a bottle. It did me so much good that I kept on taking it and found it to be all you claim. I recommend your Compound to all women afflicted as I was."—Mrs. F. P. MULLENDORE, Munford, Alabama.

An Honest Dependable Medicine is Lydia E. Pinkham's Vegetable Compound. A Root and Herb medicine originated nearly forty years ago by Lydia E. Pinkham of Lynn, Mass., for controlling female ills.

Its wonderful success in this line has made it the safest and most dependable medicine of the age for women and no woman suffering from female ills does herself justice who does not give it a trial.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

The True Source of Beauty

is, and must be, good health. Sallow skin and face blemishes are usually caused by the presence of impurities in the blood—impurities which also cause headache, backache, languor, nervousness and depression of spirits. If, at times, when there is need you will use

BEECHAM'S PILLS

you will find yourself better in every way. With purified blood, you will improve digestion, sleep more restfully and your nerves will be quieter. You will recover the charm of sparkling eyes, a spotless complexion, rosy lips and vivacious spirits. Good for all the family, Beecham's Pills especially

CHAUTAUQUA THEME AT LUNCHEON

BUSINESS MEN LISTENED TO PLANS FOR BIG SUMMER EVENT.

Supt. J. H. Shaw Tells of Attractions Secured and Gives Ideas For Increasing Chautauqua—Address Before Chamber of Commerce Members Monday of Inspiring Type.

In the course of his remarks Mr. Shaw complimented Secretary Fritchey in the work he is doing and expressed the opinion that the business men of Jacksonville made a wise choice in selecting him as secretary.

Another of the luncheons of the Chamber of Commerce was held Monday noon at the Dunlap House. The attendance was even larger than usual and it is safe to say that every man there was greatly interested in the talk made by James H. Shaw of Bloomington, superintendent of the Jacksonville chautauqua and of a series of chautauquas in other cities. President Andrews presided and called upon Rev. R. O. Post to say grace. Then the luncheon was served and the menu and the service were such as to call for the commendation of every man at the tables.

Before Mr. Shaw was introduced Secretary Fritchey of the Chamber of Commerce told of the recent convention of retail merchants at Alton, and spoke of the favorable impression made there by the Jacksonville delegates. He spoke too of the drastic resolution adopted against promiscuous advertising. The secretary also made the announcement that the next luncheon would probably be held at the same time that the Congress of Mothers meets in Jacksonville. At that time two well known landscape gardeners will be in Jacksonville and will talk to the business men something of the possibilities of improving Central park. Mr. Fritchey has had the matter under discussion by mail with these experts and feels confident that when they look over the ground they will have some practical suggestions to make which will result in making Central park the beauty spot that it really ought to be. Further Mr. Fritchey said that a "Seeing Jacksonville" trip is being planned for this week and the expectation is to take all officers and members of committees of the Chamber of Commerce on an auto trip to all parts of the city. He said that he recently had it called to his attention forcibly that even in a city the size of Jacksonville, it is often true that the average business man knows little about improvements that are taking place in parts of the city other than where he lives or is interested in a business way.

Can be Best Chautauqua. President Andrews in introducing Mr. Shaw said that Jacksonville possibly has at present could not offer the factories any very great advantages as to water and light but he believed that within a year these conditions would be changed and he said that at any rate there was nothing in the world to keep Jacksonville from having the best chautauqua in Illinois.

Mr. Shaw did not confine himself to talking about the chautauqua proper but most of his remarks were upon the broad theme of the advantages of working together. He, of course, applies this principle to business men's organizations and to the various movements which bring men to have a common interest. He spoke of an example at Lafayette, Ind., which he said had impressed him anew with the advantages of cooperation. Mr. Shaw had conducted a chautauqua there for several years and the first year he said that Mr. Myers, the president of the Business Men's association, was not much in favor of the chautauqua but a majority of his directors were and he joined in the movement for that reason. He said that Mr. Myers was a good strong German business man, but not very much interested in church affairs or things of that class. A number of ministers of the city also took an active part in the chautauqua movement. After the chautauqua one of the ministers observed to Mr. Shaw that he had changed his ideas a good deal about the business men of Lafayette, that he thought they were a high class of men although they might differ from the ministers in some views. The very next day Fred Myers said to Mr. Shaw: "Well you know that I have found out that these ministers aren't half bad, after you get acquainted with them." This little incident Mr. Shaw used as an example of what getting together among men always does. He said that the result of association almost always is the forgetting of small differences and a coming into the appreciation of the good traits that men have. Men after they get to know each other usually forget the things that they do not like in their fellows and remember their good points.

Good Attractions Secured. In talking about the chautauqua this summer Mr. Shaw said that he was expecting to have even more operation and assistance than he had last year and felt absolutely certain of making the affair even a greater success than it was in 1912. He said that the program of attractions was not yet complete but that it will include some of the best organizations and lectures in the business. Among the speakers will be Evangelist Charles Reign Scoville, Bishop Quayle and John Mitchell. If W. J. Bryan makes any addresses anywhere in chautauqua work this year he has promised to come to Jacksonville. Innes band will be one of the big features. It is an organization of forty-seven musicians and well known throughout the country. Some famous outdoor players have also been secured and these will be

Retailers of Everything
the Best

just a few of the attractions. It is planned to have a Sunday school pageant as a feature of the first day in which it is expected that every Sunday school in the county will be represented by large delegations and that there will be considerable rivalry as to what school is represented by the largest delegation and gayest paraphernalia. Within a few weeks of the chautauqua Mr. Shaw plans on taking a delegation of thirty or forty automobiles around to all the towns in the county. The purpose is not to ask the residents to come to Jacksonville to trade but simply to call their attention to the chautauqua and to ask them to be sure to attend. Where this has been tried in other counties it has increased the good feeling between the country and town people and so has been a benefit to the chautauqua.

QUICK RELIEF FOR RHEUMATISM. George W. Koon, Lawton, Mich., says: "Dr. Dethon's Relief for Rheumatism has given my wife wonderful benefit for rheumatism. She could not lift hand or foot, had to be lifted for two months. She began to use of the remedy and improved rapidly. On Monday she could not move and on Wednesday she got up, dressed herself and walked out for breakfast." Sold by L. P. Alcott, druggist.

DR. DRAPER DEAD. Albany, N. Y., April 28.—Dr. Andrew Sloan Draper, state commissioner of education, died at his home here yesterday, aged 64 years. Bright's disease and a recently developed weakness of the heart muscles, was the cause of death.

Doctor Draper was first elected superintendent of public instruction for New York state in 1886, and held the office for six years. In 1894 he accepted the presidency of the University of Illinois, and during his administration the institution erected a dozen new buildings and the number of students increased from 750 to 3,000.

Doctor Draper had held honorary degrees from Colgate, Columbia, Illinois and Western Reserve universities. He had written much and spoken practically in every part of the country upon educational themes.

Cured of Chronic Constipation. "For twenty-one years I suffered with chronic constipation," says C. W. Robinson, of Cordova, S. C. "In May, 1908, it had assumed a more serious form, resulting in indigestion, piles and neurasthenia. Life seemed a burden to me. Two famous physicians and one specialist with all their drastic drugs failed to help me. A friend advised me to give Chamberlain's Tablets a trial, which I did, and am pleased to say two bottles of them cured me." For sale by all dealers.

PROBATE COURT. Estate of Anna M. Carroll. Petition to omit appraisement heard and allowed.

Estate of F. M. Springer, deceased. Final report approved.

Estate of John Curran, deceased. Final report. Continued to May 12 for notice publication.

Estate of George Murray, deceased. Report of sale of real estate approved.

Estate of Horace L. Sansam, deceased. Report of sale of real estate approved.

Estate of Braxton Davenport. Final report approved.

Rheumatism as a result of kidney trouble, stiff and aching joints, backache and sore kidneys will all yield to the use of Foley Kidney Pills. They are tonic in action, quick in results, curative always. W. S. Skelton, Stanley, Ind., says: "I would not take \$100.00 for the relief from kidney trouble I received from one single box of Foley Kidney Pills." City Drug Store, J. A. Obermeyer.

POINTS IN UTILITY BILLS OUTLINED IN CLEAR WAY

Writer in Chicago Tribune Suggests That Dunne Measure Would Work to Disadvantage of Cities Under 25,000.

Appearing in the Chicago Tribune recently was a dispatch from Springfield telling of the Dunne utility bill and of a rival measure, both having been introduced before the legislature of Illinois. The writer pointed out that to have a utility commission take charge only of properties of smaller cities would mean that the smaller cities' interest would be sacrificed to the larger cities. The Tribune correspondence was as follows: Springfield, Ill.—A public utilities commission to have charge of all the public service corporations in the state will be recommended to the general assembly tomorrow by the public utilities committee created by the legislature two years ago to investigate and report on the subject. At the same time there will be laid before the assembly a bill embodying the ideas of the legislative commission on this subject. The report of the committee, together with its bill, will be presented in the senate by Senator Dailey of Peoria, chairman of the committee.

Differs From Governor's Bill. The bill drafted by the legislature committee differs materially from the bill that is to be introduced as the administration measure and bearing the approval of Gov. Dunne. The governor's bill is designed only to apply to cities of less than 25,000 population. The larger cities, however, may elect to pass under the provisions of the act.

The committee's bill provides for a single commission for the entire state and makes it compulsory upon every city in the state to pass under its provisions. Without mentioning the bill that bears the stamp of administration approval, the measure discusses the California plan, upon which the governor's bill was drafted, as follows:

"The California law permits municipalities to confer upon or, after it has been conferred, to withdraw power from the state commission at will. This provision of the California law is uniform in that it applies to all municipalities of the state, regardless of size. This feature is experimental.

California Law Called Faulty. "Under such system of regulation it is likely that a condition of chaos will arise that should dictate that such a provision, repugnant to efficient regulation, should not be incorporated in the proposed Illinois law.

"The suggestion has been made and has been strongly advocated that all utilities in Illinois cities under a certain population should be regulated under a state commission, and that all utilities in cities above such population should be regulated either by the cities or by the commission, as may be determined by the voters of such cities—the right to confer upon or withdraw power from the state commission to be optional with such municipalities.

"Under such a form regulation single interurban utilities, such as gas, electric light and water companies, supplying suburban communities and adjoining municipalities, could be subjected to the regulation of the state commission and various cities acting independently of the state commission.

Sees Lack of Uniformity. "This would, of necessity, destroy all uniformity of regulation and tend to defeat the purposes for which such legislation is proposed.

"The larger cities of the state contain plants for supplying territory and municipalities with public utility commodities. This condition applies not only to Chicago, but in a lesser degree to Peoria, Springfield

and the other large cities of the state. If these larger cities do not accept the authority of the state commission and the smaller communities supplied therefrom are compelled to accept state regulation by a mandatory law, or do so under permissive authority of the law, the smaller communities will be placed entirely at the mercy of the larger cities.

Fears Burdens on Small Cities. "By rate restriction and other means of regulation of the larger cities decreasing the earning power of utility companies, burdens in the form of excessive rates or diminished service, or both, will be imposed on the smaller communities of the state.

"Thus, in an effort to secure local control over utilities serving different localities, the right of invasion of outside territory and the right of citizens therein will be established by the legislature."

As in the case with Gov. Dunne's bill, the bill creates a commission of five members to be appointed by the governor. Under the provisions of this measure the five appointments are to be temporary until the next general assembly convenes, when they are to be made permanent, with confirmation by the senate, for one, two, three, four and five years, so that thereafter one member's term shall expire each year.

Provides Minority Representation. The bill provides for minority representation on the commission and divides the state into four districts, one consisting of the city of Chicago, one the northern portion of the state, another district comprising the central portion of the state and the southern portion of the state forming the fourth district. Chicago is to have two members of the commission and each of the other districts one member.

While a single commission is provided for in the bill, it is drafted so that, in event the assemblymen see fit to establish a commission for the city of Chicago, the change can be made without interference with the other provisions of the measure. The salary of members of the commission is fixed at \$10,000 a year and the commission's attorney at \$7,500 a year.

Recommended for a Good Reason. C. H. Grant, 230 Waverly St., Peoria, Ill., says: "Backache and congested kidneys made me suffer intense pains. Was always tired and floating specks bothered me. Took Foley Kidney Pills and saw big improvement after third day. I kept on until entirely freed of all trouble and suffering. That's why I recommend Foley Kidney Pills. They cured me." City Drug Store, J. A. Obermeyer.

HOSPITAL AID SOCIETY BENEFIT. Don't fail to attend the hospital benefit Thursday, May 1st. A great Lubin two reel special feature Lamandra, the Gypsy, will be presented. It is a beautiful drama intermingled with humor, pathos and sentiment that will fascinate you. In order to accommodate the crowd the theater will be open at 1 o'clock in the afternoon and run through the supper hour. Attend as early as you can.

GYMNASTIC EXHIBITION. The school for the blind will give its annual exhibition in the gymnasium of the school tonight at 8 o'clock. The public is cordially invited.

Widely Used. Chamberlain's Cough Remedy is one of the most widely used medicines in the market. It is popular in Canada, Australia, and South Africa as at home. This is because it "makes good." You can always depend upon it when you have a cough or cold. For sale by all dealers.

CARDINALS TAKE FINAL OF SERIES FROM NAPS

Defeat Cincinnati 3 Out of 4 Games By Winning 7 to 5.

St. Louis, Mo., April 28.—St. Louis won to-day's game here 7 to 5, taking three out of four games from Cincinnati.

The score:
Club. R. H. E.
Cincinnati . . . 300 610 001—5 11 2
St. Louis . . . 410 000 02—7 11 2
Batteries—Powell, Works, Smith, Packard and Clarke; Sallee and Wingo, McLean.

Fred Toney should be of use to any club if he can hit consistently like he did in yesterday's game. The big fellow laid down three clouts, one of them for a triple, out of three times up. He quit with a batting average of 1.000 for the day. This should rank him high at the end of the season if he keeps it up.

The Cubs fielding was lightning fast yesterday. Three double plays cut a big figure in the result. It was this great support that enabled Toney to finish in front. From the way Bridwell is playing short Tinker will soon be forgotten.

FUNERAL NOTICE.
Funeral services for James W. York will be held at the residence, 1044 West Lafayette avenue, this afternoon at 2:30 o'clock in charge of Rev. J. W. Miller, pastor of Grace M. E. church. Interment will be made in Diamond Grove cemetery and the committal services will be in charge of Masons.

HAVE MOVED TO CITY.
Nathan Purvines of New Berlin has moved his family to Jacksonville and they will reside at 839 South Main street.

RHEUMATIC PAINS GO SWOLLEN JOINTS VANISH

RHEUMA—Greatest Remedy for Rheumatism, Gout and Sciatica Only 50 Cents and Money Back From Coover & Shreve—If It Doesn't Satisfy.

Thousands of people during the last year freed themselves from the bondage of rheumatism; rid themselves of the torturing pain; reduced the swollen joints; threw away canes and crutches, and from helpless beings became able to work and be of use to themselves and their families.

They took RHEUMA; the modern enemy of rheumatism, which is also sure to cure lumbago, sciatica, arthritis, gout, chronic neuralgia or kidney disease.

Don't be skeptical about RHEUMA. You will know in a few hours after beginning the treatment that the poisonous uric acid is leaving your system through the natural channels. You will feel better in a day you will know you are going to be cured in less than a week.

Don't think because RHEUMA is sold for only 50 cents a bottle that it won't bring you back to health. There is no guess work about it. RHEUMA is better than any remedy at ten times the price. Ask Coover & Shreve.

No matter how long you suffered, or what other remedies have failed to cure, Foley Kidney Pills will surely help you. They are genuine, tonic, strengthening and curative, build up the kidneys and restore their regular action. John Velbert, Foster, Calif., says: "I suffered many years with kidney trouble and could never get relief until I tried Foley Kidney Pills which effected a complete cure."

WINS TRI-STATE PRIZE.
The L. L. Waterfield grocery has been awarded third prize in a window trimming contest held the first week in April by J. F. Humphreys & Co. of Bloomington. The prizes were awarded for the best window display by the company customers in Illinois, Missouri and Iowa. J. J. Cowley of Bloomington was awarded first prize, William Sterling of Bloomington second and L. L. Waterfield of this city third.

Heed the Cough That Hangs On.
The seeds of consumption may be the cause and a cough that hangs on weakens the system. Foley's Honey and Tar Compound checks the cough, and the inflamed membranes and strengthens the lungs. E. D. Rountree, Stillmore, Ga., says: "Lagrippe left me a deep seated, hacking, painful cough which Foley's Honey and Tar completely cured." City Drug Store, J. A. Obermeyer.

ON THE SIDE LINES.

Griner's work in the Sunday game against Cincinnati was of high order and disposes of the fear that he was only a bloomer. He held Tinker's crew to four scattered hits and would have blanked them but for an error by the usually dependable Wingo.

Earl Hamilton is pitching grand ball for the St. Louis Browns. He is tight in the pinches and that is the mark of a real pitcher.

Williams & Walker are in base ball. They are playing the outfield for Stoval and make as good a combination at the game as the famous pair of colored comedians of the same names did on the stage.

O'Day will soon be called upon to officiate behind the plate in the National league. As the Tribune aptly puts it the National is honored itself by prevailing upon Hank to get back in harness. Real umpires are as scarce as star opera singers.

Harry Smith, of the Lincoln, Neb., Western league team, pitched himself into the base ball hall of fame Sunday by holding Wichita to a no hit score.

Tommy Roman is playing second base for the eKokuks. They think he is great over there. Wait till he tries to catch a runner coming from third after a batter has hit one down to him. His arm was shy when he played here. Wonder if he's got it back.

The cares of management do not seem to effect Johnny Evers' work at short. His record on Sunday was sensational. It may be that the Cub boss is going to run contrary to the ante-season dope and surprise us all. At any rate he has his team up at the top of the column and going strong.

Bloomington has become a convert to the late opening of the season idea. Never again, says the Pantagraph, will the Three Eye season open earlier than May 1st. It claims that even Melroth, of Peoria is in favor of a later opening. It was so cold at the Sunday game that the fans were reduced to the necessity of wrapping themselves in horse blankets and taking foot warmers in to the stands. Despite the frigid conditions the game drew one thousand people. Springfield and the Bloomers split even. Bluejacket won his game. Marks was the loser in the other. Jacksonville fans are interested in the Bloomers on account of Harry Sybert being its pilot. A more likeable fellow never played in this town. He was in the Northern league team here a few seasons ago.

A fearful blow to the financial end of the game all around yesterday. Which goes to boost the idea that games especially the northern end of the circuit, should be deferred till after the close of April. May 1st is plenty soon enough. Let the opening take a week and extend the closing one week longer in October later.

Tommy Hackett seems to be Tommy Hackett's best on the mound. Quincy is down around the foot of the ladder with Davenport former champions. Looks strange to see the Davenporters down there. They usually start out in the first division and stay there.

Johnson failed to stick with the White Sox. He has been sent to Minneapolis by Manager Callahan.

Cobb is to receive \$12,500 for his season's work. That ought to keep him in auto tires at least.

Ohlin, the Bloomington short stop is one of the oldest men in the Three Eye league. He is a star, however, and is one of the steadiest fielding short stops in the business. He is a hitter too. Wonder why Davenport dropped Harry? It could use him right now.

There's another Syfert in the Three Eye. He's a catcher for Dubuque. Hy Jasper is their winning pitcher and best hitter into the bargain. If Hy is ever to get into fast company it is time he was making a start. He was tried by Cincinnati but didn't stick.

A WOMAN TO BE PRETTY

Must Have Luxuriant and Glossy Hair—No Matter What Color.

The finest contour of a female face, the sweetest smile of a female mouth, lose something if the hair is crowned with scant hair. Scant and falling hair, it is well known, is caused by a parasite that burrows into the scalp to the root of the hair, where it saps the vitality. The little white scales the germ throws up in burrowing are called dandruff. To cure dandruff permanently, then, and to stop falling hair, that germ must be killed. Newbro's Herpicide, an entirely new result of the chemical laboratory, destroys the dandruff germ, and, of course, stops the falling hair, and prevents baldness. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

TWO SIZES—50c. AND \$1.00
For Sale at all Drug Stores.

Yell Defiance
at Blood Disorders

A Remedy That Has Shown a Most Remarkable Purifying Effect.

At Last You Can Get Rid of Blood Troubles—S. S. S.

The word medicine is one of the most abused in our language. There are certain medicinal properties that are necessary to health as the food we eat. Take, for example, the well-known tonic medicine S. S. S. The famous blood purifier contains medicinal components that are vital and essential to healthy blood as the elements of wheat, roast beef, the fat and the sugars that make up our daily ration.

As a matter of fact, there is one ingredient in S. S. S. which serves the active purpose of stimulating each cellular part of the body to the healthy and judicious selection of its own essential nutriment. That is why it regenerates the blood supply; why it has such a tremendous influence in overcoming eczema, rash, pimples, and all skin affections.

And in regenerating the tissue S. S. S. has a rapid and positive antidotal effect upon all those irritating influences that cause rheumatism, sore throat, weak eyes, falling hair, loss of weight, thin, pale cheeks and that weariness of muscle and nerve that is generally experienced as spring fever. Get a bottle of S. S. S. at any drug store, and in a few days you will not only feel bright and energetic, but you will be the picture of new life. S. S. S. is prepared only in the laboratory of The Swift Specific Co., 127 Swift Bldg., Atlanta, Ga., who maintain a very efficient Medical Department, where all who have any blood disorder of a stubborn nature may write freely for advice and a special book of instruction. S. S. S. is sold everywhere by drug stores, department and general stores.

Relieve That Sore Throat
Now With MUSTEROLE

MUSTEROLE brings quick and blessed relief to the sore throat and leaves a delicious feeling of ease and comfort.

It is a clean, white ointment, made with oil of mustard. You simply rub it on. No plaster needed.

Better than a mustard plaster and positively does not blister. There is nothing like MUSTEROLE for Sore Throat, Bronchitis, Tonsillitis, Croup, Stiff Neck, Asthma, Neuralgia, Headache, Congestion, Pleurisy, Rheumatism, Lumbago, Pains and Aches of the Back or Joints, Sprains, Sore Muscles, Bruises, Chills, Frosted Feet and Colds of the Chest (it prevents Pneumonia).

Doctors and nurses frankly recommend MUSTEROLE. It is used in large hospitals.

At your druggists in 25c and 50c jars, and a special large hospital size for \$2.50.

Accept no substitute. If your druggist cannot supply you, send 25c or 50c to the Musterole Company, Cleveland, Ohio, and we will send you a jar, postage prepaid.

George L. Moxley, Martinsburg, W. Va.: "Musterole is just fine, and is an immediate relief for inflamed throat and pain in the back. It's the best thing I have ever tried."

ASSOCIATED PRESS
PURPOSE EXPLAINED

PRESIDENT NOYES TELLS OF WORKINGS OF GREAT NEWS-PAPER ORGANIZATION.

More Than Eight Hundred and Fifty Papers Are Associated for the Collection and Inter-Change of News—Not an Organization For Profit—Seeks to Get the Facts and To Transmitt Them To Members Without Partiality or Prejudice.

Frank B. Noyes, president of the Associated Press, in the North American Review:

The Associated Press is an association of something over eight hundred and fifty newspapers, operating under a charter of the state of New York as a mutual and co-operative organization for the interchange and collection of news. Under the terms of its charter "the corporation is not to make a profit nor to make or declare dividends and is not to engage in the business of selling intelligence nor traffic in the same."

In other words, The Associated Press is simply a common agent of its members by which they arrange an interchange of the news that each collects, and is bound by its membership obligation to contribute for the common use of its fellow-members and also as the agency through which reports of foreign and certain classes of domestic happenings are collected and distributed to the news papers served by the organization.

Twenty Years Old. The fact that in the present year we celebrate the twentieth anniversary of the first nation-wide co-operative and non-profit making news-gathering organization in the world, seems to make the publication of something respecting it timely.

The Associated Press of today is the outcome of a many-year struggle between two opposing systems. One, that of news-gathering concerns with private or limited ownership which dealt at arm's length with newspapers to which they sold news at such profit as might be secured and over which the newspapers, who bought from them had no more control than over the paper mill supplying them with print paper.

The other system is based on the theory that powerful, privately owned and controlled news-gathering agency is a menace to the press and people.

Determined to establish an agency subject only to the control of the newspapers from whom it acted, in 1893 a group of western men composing the Western Associated Press began a fight to attain this end, and since that time a contest between two opposing principles has been waged. In asserting that The Associated Press, as to day constituted, is the servant and agent only to the newspapers for which it acts, I have no thought of minimizing the tremendous importance of the work it does as such an agent, but wish simply to emphasize the thought that properly speaking it has no entity of its own, no mission save to serve its members.

The Purpose. Its function is simply to furnish its members with a truthful, clean, comprehensive, non-partisan—and this in its broadest sense—report of the news of the world as expeditiously as is compatible with accuracy and as economically as possible.

To do this the newspapers composing its membership contribute first, the news of their localities and second, weekly assessments of money aggregating about \$3,000,000 per annum, with which an extensive system of leased wires is maintained (22,000 miles of wire in the day-time and 28,000 miles of wire at night) bureaus in the principal American cities supplementing and collating the news of local newspapers and bureaus for the original collection of news throughout the world. The volume of the news report to members varies greatly, ranging from 500 words daily by telegraph or telephone to papers able to utilize but a small amount of general news-matter to more than 50,000 words daily, or thirty-five newspaper columns in the more important cities.

Foreign News. It is probable that in the foreign news field the extraordinary genius of Melville E. Stone, the general manager of the Associated Press, has been most strikingly exhibited. Just prior to the Russo-Japanese war Mr. Stone secured from the Tsar of Russia the abolition of the censorship and newspaper men still remember the remarkable frankness with which the Russian government gave out the news of Russia's reverses in that conflict.

Orders expediting the messages of the Associated Press were issued at his instance by the German, French Italian and Russian governments and as a result it has come to be common for European capitals to get the first news of continental events through Associated Press reports cabled back from New York.

One beneficial result coming from this more direct relationship is to be found in the minimizing of the ill effect of the occasional outbreak of some utterly inconsequential German, French, English or Japanese "yellow" sporadically abusing the United States and its people.

Formerly profound significance of a wide-spread hostility was attached to such outpourings. With the closer understanding that comes from more intimate knowledge we now understand the relative importance of the newspapers of other countries as we are able to weigh and grade our own.

Seeks To Be Impartial.

While the Associated Press is generally held in good esteem, I would not be understood as indicating that it has been exempt from criticism and attack.

If in a campaign all the candidates or their managers or press agents did not accuse the Associated Press of the greatest partisanship as against the particular candidacy in which they were interested, those

bearing the responsibilities of the service would feel convinced that something was radically wrong and would look with suspicion on the report themselves.

This is but human nature. During the last campaign for the presidential nominations every candidate either in person or proxy expressed his conviction that the Associated Press was favorable to somebody else. Mr. Wilson's press agent asserted that our service was pro-Clark, and in the opinion of Speaker Clark we had sold out to the Wilson people. Mr. Taft's managers felt that he was not being given a fair show and Mr. Roosevelt was firm in his conviction that the avenues of information had been choked to his disadvantage.

Of course later we know that Mr. Wilson does not share the only-for publication views of his press agent and Speaker Clark is as emphatic in his withdrawal as in his hasty charges. Mr. Taft's managers realize that the Associated Press cannot report speeches that he does not make, and Mr. Roosevelt must see a humorous side to the suggestion that any one has interfered with his getting a fairly adequate representation on the first page.

Never a Partisan Advocate. With all this, however, goes a fundamental misunderstanding of the functions of the Associated Press. The individual correspondent or reporter for a given newspaper or a small group of newspapers having a common bias may be permitted to indulge in partisanship or in propaganda.

This is absolutely not to be permitted in the Associated Press. No bias of any sort can be allowed. Our function is to supply our members with news, not views; with news as it happens—not as we may want it to happen. Intensely as I sympathize with any movement, no propaganda in its behalf can be tolerated. Very jealously indeed does the membership guard against their agency going outside its allotted duties and argue-eyed is the censorship of every handler of our "copy."

It is not, naturally, to be claimed that no mistakes are made. They are made and will be made. But in the very nature of the business with the heart so worn upon the sleeve, detection very swiftly follows, and the mistakes are few and far between.

The desire to enlist the Associated Press in propaganda or advocacy is usually to be found at the bottom of criticisms of its service. Added to this often is misinformation as to the real facts and sometimes, though happily rarely, actually malice.

Is Not a Monopoly. From time to time some voice is raised denouncing the Associated Press in the same breath both as a monopoly and because it is not a monopoly, and insisting that it become a monopoly by admitting to its membership all desiring its service; the theory being that in some way the activities of the association impress it with a public use and subject it to the obligation of a common carrier to serve all comers.

From an ethical standpoint only, then, is there anything improper, unsafe or unwise in a group of newspapers, large or small, associating themselves together to do a thing that each must otherwise do separately and of reserving to themselves the right to determine to what extent the membership of such a group shall be enlarged? If by some occult reasoning the Associated Press could be held as a common carrier, these news-selling organizations would be wiped out and the Associated Press would, if the end sought for was accomplished become a real monopoly and the incentive for co-operation no longer existing, it would naturally drift into a concern for pecuniary profit, in private ownership and subject to private control.

No more dangerous situation can well be imagined than the passing of the control of the greatest news-gathering agency and news disseminating agency of the world from the hands of co-operating newspapers to the control of some individual interested in manipulating the news—the master and not the servant of the newspapers.

Because this danger would be so grave it will not come, but for another reason also, a very basic reason.

There can be no monopoly in news.

The news of the world is open to him who will go for it. Any one willing to expend the energy, the time and the money to approach it may dip from the well of truth.

Service Is Measured By Men.

The news service of the Associated Press does not consist of its leased wires or its offices. Its soul is in the personal service of human men, of men with eyes to see, with ears to hear, with hands to write, and with brains to understand, of men who are proud when they succeed, humiliated when they fail and resentful when maligned.

The news service of the Associated Press of the horror of Martineau was not the event itself. It was the personal service of a man who at the first hint of the disaster that had wiped out a population took his orders, chartered a boat and went to Martineau, where no correspondent still lived and sent a story, his story of the great tragedy, wrecking his health by the effort required.

To get this report, this "news" was open to any one.

To get it cost the members of the Associated Press more than \$30,000 in addition to the human waste and prodigious effort.

It was a part of the day's work.

And as today devoted men labor and die in order that the members of the Associated Press, an organization that neither owns nor prints a newspaper, may lay before their readers a fair picture of the world's happenings, so always will these and other men serve nobly and die bravely that the world may have tidings of sport and festival, of birth and death, of congress and parliament, of league conference and program, of battle and plague, of shipwreck and rescue.

STATE NEWS.

Judgment Against C. & A.—Myrtle C. Foland was granted a judgment in the circuit court at Springfield for \$2,500 against the Chicago and Alton railroad because of the death of her husband, William Foland, Sept. 12, 1911. Foland was injured while employed by the railroad in the Springfield yards and died a short time afterward from the injuries sustained in the accident.

Long Street Superintendent.—John F. Anderson, for the past ten years superintendent of Bloomingdale streets, will May 1, sit for last time in the council chamber as a member of the board of local improvements. Since 1903 John Anderson has been present at these meetings, has signed the necessary documents with two different city engineers and seven different mayors.

Boys Found Wolves.—During an outing a few nights ago by a bevy of small boys near Greenvew they discovered a hole in the ground, and having a curiosity to know what it contained, dug to the bottom and found eight young wolves, five of which they took to camp intending to get the other three, but mother wolf had slipped in and moved them in their absence.

Petersburg To Have New School Building.—Among the largest contracts for this season at Petersburg is that of the Third Ward public school building to replace the one burned several months ago. It will be built of brick and is due to cost complete from \$20,000 to \$25,000. It will be ready to be occupied at the opening of the schools in September.

Galesburg Seeks to Close all Stores Sunday.—A committee representing the Retail Merchants Association met with Mayor Bradley and City Attorney Davis to discuss the possibility of drawing an ordinance that will keep all stores closed on Sunday. Several grocery stores, especially those in the outlying districts, and some clothing stores now keep open Sundays. The matter was left with City Attorney Davis to raise the ordinance.

Suit Against Wabash.—Thomas Barnhart of Decatur has filed a suit against the Wabash for \$10,000 damages. While transferring mail at the Decatur depot a few months ago Barnhart suffered injuries that came near causing his death. He was a new man and did not know that there was barely room for the mail truck to clear passenger trains when it was between two tracks.

CORROBORATION

Of Interest to Journal Readers.

For months Jacksonville citizens have seen in these columns enthusiastic praise of Doan's Kidney Pills by Jacksonville residents. Would these prominent people recommend a remedy that had not proven reliable? Would they confirm their statements after years had elapsed if personal experience had not shown the remedy to be worthy of endorsement?

The following statement should carry conviction to the mind of every Journal reader:

John Minter, 423 South East St., Jacksonville, Ill., says: "I gladly recommend Doan's Kidney Pills as I know them to be worthy of praise. I have been telling of my experience with this remedy ever since 1897. I took Doan's Kidney Pills for pain in my back and other symptoms of kidney trouble and found them effective. I always advise the use of this remedy when I have an opportunity."

For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

HAS LIVED LONG IN MEXICO. W. T. Brand of St. Louis is spending a number of days here and will probably locate in this city. Mr. Brand has been for nine years in Mexico living the greater part of the time in Mexico City. He was a representative of the Waters-Pierce Oil Co., and had occasion to travel in every province of the country. Business is so dull now in Mexico on account of disturbed conditions that thousands of citizens have left the country and affairs are far from normal. Mr. Brand through his long stay in Mexico has become very proficient in Spanish and has decided to take a class here in the study of the language. For five years Mr. Brand and E. A. Olds were friends in Mexico and they are greatly enjoying meeting here again.

YOU CAN FISH AT THE PARK. The Nichols park commissioners have made a ruling which permits fishing now at Nichols park. The public can get busy with hooks and lines for the fishing is said to be good.

Fascinating Hair

Easy to Stop Hair Falling Out, and Dandruff Also.

No one doubts that it is the duty of every woman to look as charming as possible. Every woman knows why she wants to be beautiful and attractive.

A woman with scant hair, dull and lifeless, has lost half of her charm. How many times have we heard the expression "the crowning glory of a woman is her hair."

Nowadays, thanks to Parisian Sage almost every woman can have hair so radiant, and so glorious that it attracts, fascinates and compels admiration. Parisian Sage, the scientific and ideal hair rejuvenator and tonic, will cause hair to grow. It will turn harsh, withered hair into lustrous hair in a few days.

It is a most delightful hair dressing that kills the dandruff germs, stops falling hair, and eradicates dandruff in two weeks, or your money back.

A large 50 cent bottle is sold by Coover and Shreve and dealers everywhere at the money back plan.

one dollar a bottle, the latter for families who need it regularly.

Syrup Pepsin has no equal as a cure for constipation, indigestion, biliousness, headaches, sour stomach, gas on the stomach, liver trouble and kindred complaints. It has so many advantages that those who once use it forever after discard cathartics, salts, pills and other coarse remedies, for they are seldom advisable and should never be given to children.

If no member of your family has ever used Syrup Pepsin and you would like to make a personal trial of it before buying it in the regular way of a druggist, send your address—a postal will do—to Dr. W. B. Caldwell, 417 Washington street, Monticello, Ill., and a free sample bottle will be mailed you.

GRAND OPERA HOUSE

H. L. HUNT, Manager.

Come to the Bargain Amusement House of Illinois. Enjoy an hour with Col. Hal. Buy your amusement of the man who knows how, when and where to get the things that please you.

Tuesday's Picture Program

Special Event: Melie's two-reel feature film

"Loved by a Maori Chieftess"

Depicting the weird and grotesque habits and customs and the peculiar dances of the New Zealand aborigines, interwoven into a beautiful love story of a Maori princess and a white man. Produced in New Zealand and acted by genuine Maori savages. Educational as well as entertaining.

Wena, the daughter of Chief Te Rangika-Haruru of the Nagatariu tribe of Maoris, is approached by a sorceress, who predicts that she, Wena, will marry a white man, tall and handsome, with eyes blue as the sky and a fair beard.

Chadwick, an English trapper, tramping the woods in search of game, is taken prisoner by several of the Nagatariu and brought before their chief, who orders that he be burned at the stake. But Wena recognizes in Chadwick the man of the sorceress, prediction. She induces her father to permit him to escape; holds him carry it out and returns to prevent being pursued, but not without having sworn eternal love for him and promising to meet him later and elope. The further developments are of great interest.

"The Locket"

A Vitagraph comedy with Mr. John Bunny and Miss Flora Finch. You only have to change one letter you know, to make Bunny, Funny.

"The Girl of the Mountains"

One of Selig's dramatic masterpieces showing a thrilling slide for life down a mountain lumber shoot.

And last but by no means least

Pathe's Weekly

Showing the suffragette's march from New York to Albany. The Balkan war, an engagement at Lule Burgas, Turkey. A train wreck of two engines and forty-two cars on the Pittsburg division of the B. & O. railroad at Glencoe, Pa., etc., etc.

Vaudeville Feature

Be sure to hear George Cook, the famous German dialect comedian. He has been one of the favorites on the big vaudeville circuits.

A STRONG REFERENCE.
A young man recently applied for a position with a large printing house, and not having a letter of reference, offered his bank book. It showed a regularity of entries of deposit. It was a very strong recommendation, indicating character and persistency, which finally secured for him a good position.

THE WORLD'S LATEST FINANCIAL AND MARKET NEWS

EARLY TRADING DEPRESSES MARKET

MORE THAN A SCORE OF NEW LOW RECORDS WERE MADE.

After the First Hour of Trading the Market Became Much Stridier and Gradually Improved in Tone.

(By Associated Press)
New York, April 28.—An outburst of early trading today once more depressed the stock market sharply.

More than a score of new low records were shown and the substantial advantage gained on the recent upward swing was lost, the level of prices falling under the low average reached the middle of March.

After an hour of active trading the market steadily and gradually improved. The amount of business fell off sharply on the rally, the second hour's total being less than one-third of that for the first.

Trading during the remainder of the session was slow with a gradual advance which lifted some stocks above Saturday's close. The marked weakness of the first hour, which depressed prices of many leading stocks 1 to 3 points, was significant not only on account of the broad character of the selling but because it was the most prominent feature which were noticeably heavy, rather than the specialties which were so prominent recently.

MOST WONDERFUL SALE EVER HELD IN THIS PART OF THE STATE

Thousands of Dollars Worth of Women's, Misses' and Girls' Coats, Suits, Dresses, Waists and Millinery, will be sold at much less than wholesale cost. HERE IS THE REASON:

Mr. Olian, former owner of the Emporium, and who now occupies a prominent place in Cleveland's, Ohio, retail center, purchased some great bargains there from the largest wholesale houses. The reason is that the recent floods and bad weather conditions compelled many firms to unload. You all know that Mr. Olian has the nerve to buy when the prices are right! So he took advantage and purchased thousands of garments, paying only a small fraction of their real worth. He shipped us by express almost enough goods to open up another store as large as our present one. In addition to these great purchases we will include everything in our own store and make this the GREATEST SALE ever held. It will be a sale as Mr. Olian himself would have it. That alone ought to convince you that there will be something doing.

SALE BEGINS WEDNESDAY, TO CONTINUE TEN DAYS.
